Greenfield McClain Raps Tigers, 33-14

By PAUL SMALLWOOD
Herald Staff Writer

Circleville's grid Tigers fought to the limit here last night, but could not hold back a powerful Greenfield McClain juggernaut which rolled in the second half to force a 33-14 decision.

Both teams rocked each other in the first half with single touchdowns. Greenfield's wealth of size, speed and depth began to tell in the third and fourth quarters as the invaders found the range for four TDs.

The first half presented a thrill a minute as both teams slugged from the heels to gain an advantage. The second half settled down to punch and crunch football, with the visitors breaking the barrier for three touchdowns in the final quarter.

The rugged and smooth-performing McClain outfit drew first blood

early in the second quarter on an 82-yard drive and ran for two extra points. Circleville stormed back with a spirited 85-yard march to narrow the count. The Tigers were stopped on their try for extra points.

THE INVADERS consumed almost all the third quarter in driving 77 yards for their second touchdown of the night. McClain hit for two more quick touchdowns in the fourth quarter, but Circleville bounced right back with a 67-yard pass play to stay in range with a 26-14 deficit.

The highly-touted visitors dimmed local hopes late in the fourth chapter with a 45-yard touchdown pass. The Tigers fashioned one more drive, but the effort was halted on Greenfield's 34-yard line by the clock.

Coach Paul Orr's husky gridders moved into first place in the South Central Ohio League on the strength of their third straight loop win and fifth victory in five starts.

A near capacity crowd witnessed the solid exhibition of football. Both teams played it close and both occasionally gambled in an effort to make a break. In the end it was power and depth which made the difference.

Coach Orr, proud of his own veteran outfit, also praised the Tigers for their ability to hit hard and strike quick. He said it was the hardest tackling encountered by his team this year.

Fans agreed with CHS Coach Carl Benhase that the Tigers fought the heavier opponents with all the determination they had, commenting that the enemy was a formidable foe in every respect.

FINE performances were turned in by Circleville's forward wall and in the backfield, especially the running of Larry Hannahs and Archie Ward.

Greenfield, spearheaded by line-men like Roger Grooms, Gary Grim and Mike Beatty, worked with perfection. Slick ball-handler

Dick Craft, Fullback Gene George and Halfback Pete Coleman were dangerous every minute.

George was a thorn in the side all evening as he scored two touchdowns and added considerable yardage running from Greenfield's deceptive belly series. Craft, a wizard at hiding the ball, scored once and proved to be an excellent field general.

The opponents racked up four first downs the first four times they carried the ball in the first quarter, with George doing most of the damage.

McClain moved to Circleville's 11-yard line on its opening march, but the drive was halted when corner man Dave Hicks intercepted Craft's pass.

Hannahs, playing left halfback in place of injured Gary Vandemark, ripped for 16 yards on Circleville's first play from scrimmage to signal some hectic action to come.

NEITHER team could score in the first period. With George picking up most of the yardage, McClain tallied with about seven minutes remaining in the second quarter. George went in from one yard out and Coleman added two points

on a line smash. The determined Tigers were quick to retaliate as they started an offensive from their own 15 with about three minutes left in the half.

Hannahs ignited the spark with a 12-yard scamper and Ward kept it going with 20 more on the next play. Freshman Garold Dade added five more and Ward blitzed around the big enemy flank for an additional 18 to put CHS on the McClain 27.

Pressed for time, the Tigers started running plays without going into a huddle. Hannahs, Dade and Ward collaborated to move the pigskin to the enemy one-yard line and Hannahs took it over with five seconds remaining. Hannahs' run for extra points was stopped and Greenfield retained an 8-6 lead as the half ended.

The Tigers failed to move after taking Greenfield's third quarter kickoff. Playing possession football, the visitors started on their own 23 and hit paydirt 17 plays later when Craft went in from one yard out. Bill Harewood's dropkick try for extra point was no good, but McClain went out in front, 14-6.

Steel Strike Settlement Needed as Economy Dips

World Leaders Pay Tribute To Marshall

America's Wartime Chief of Staff Dies In Hospital at 78

WASHINGTON (AP) — World leaders paid tribute today to Gen. George C. Marshall, who guided America's armed might in World War II and created the postwar Marshall Plan to safeguard free nations against communism.

Marshall's death Friday at Walter Reed Army Hospital brought expressions of sorrow and loss from all over the country and many capitals of Europe. The general had suffered a stroke last Jan. 15 at his winter home in Pinehurst, N.C., and was brought to Walter Reed March 11. Perhaps no man of his time had been called great by so many of his countrymen as George Catlett Marshall.

Three presidents — Roosevelt, Truman and Eisenhower — almost revered his awesome abilities as a soldier, statesman and diplomat.

He led the gigantic war machine of the United States as Army chief of staff throughout World War II. Then in the evening of his life he was recalled to duty as secretary of state and again, during the Korean War, as secretary of defense.

For his formulation of the Marshall Plan, which bolstered free nations of the West with massive economic aid from America, Marshall was awarded the Nobel Peace Prize in 1953.

President Eisenhower called Marshall's death "a cause for profound grief throughout the United States." He ordered the flag to be flown at half staff from all public buildings and military installations until after Marshall's funeral Tuesday afternoon.

Typically, Marshall had decreed that his funeral be a simple one. It will be held at Ft. Myer Chapel,

Jackson Twp. Couple Faces Child Neglect Accusation

PATHTIC PRODUCTS OF NEGLECT — Pictured above are the four children of a Jackson Twp. couple who were slated to appear in Municipal Court today on charges of child neglect. The photo was taken in the Chillicothe Police Station after they were picked up in an automobile driven by their intoxicated father and a male companion at 3 a.m. today. The child on the left, not more than a year and a half old, seemed to be in a state of malnutrition and wearing clothes clacked with dirt as were the other children. The children were placed in foster homes today.

A Jackson Twp. couple was to be charged with neglect of minor children today in Circleville Municipal Court by either Pickaway County Juvenile Officer Ralph Starkey or County Deputy Sheriff Robert Hoover.

The couple is accused of neglecting their four minor children ranging in ages from one to six years in what Chillicothe Police and Pickaway juvenile officials today termed the worst case of neglect they have ever seen.

The children, ages one, three, four and six, were found at 3 a.m. today in an automobile driven by their father. He had been halted by Chillicothe Police for making an illegal left hand turn. Two of the children were asleep on the floorboard of the car, lying in vomit, beer and urine. The one-year-old child was lying in a car seat and the fourth child was lying on the back seat of the auto.

THE FOUR CHILDREN, all boys, were thoroughly chilled since all the windows of the car were down and the temperature registered 47 degrees.

The children, the father and a male companion, who were both intoxicated, were taken to the Chillicothe Police Station where the Pickaway County Sheriff was notified.

While waiting to be picked up by Deputy Hoover and Officer Starkey, the children were fed by Chillicothe Police. They consumed a quart of milk, two donuts each, one bologna sandwich each and "ate as if starved," according to Hoover.

Captain Houser and Patrolman Oates, Chillicothe Police, made the arrest and were responsible for feeding the children. Chillicothe Juvenile Officer, Dory Morris, also investigated and stated he was horrified at the condition of the children.

The story of how they reached Chillicothe from their Route 2, Ashville, home was related by Hoover, who obtained the information from Chillicothe Police.

The father and the male companion had obtained the services of a 29-year-old woman babysitter for the four children and were returning to her home in Chillicothe to pick up her clothes. They left here at 10 p.m.

UPON ARRIVAL in Chillicothe, the trio entered a tavern and became intoxicated. In fact, the woman was so inebriated the two men left her and started to return here, when apprehended, police said.

Upon later investigation police found that the Ross County Welfare Board had picked up the prospective babysitter's child Thursday and placed it in a receiving hospital because it had been neglected.

The four children were returned here at 6:30 a.m. today and again by City Police, Sergeant Rob-

ert Temple, Patrolman William Goff and Patrolman Richard Blaney.

The baby was bathed for what appeared to be the first time in several days by County Welfare Board executive secretary, Mrs. M. A. Yates and given a change of clothing. It appeared in a state of malnutrition.

All four children were filthy and their clothing was caked with dirt. The baby's diaper was soaked.

The four children were placed in foster homes by Mrs. Yates this morning.

THE CASE CLIMAXES more than a month's investigation by Starkey. He first became acquainted with the circumstances when a 17-year-old feeble-minded girl ran away from home.

Starkey discovered the girl in the home of the arrested couple acting as a babysitter. She had been encouraged to run away from home and babysit, according to Starkey.

Starkey made several trips to the home and found living conditions deplorable. On one trip Starkey found the baby lying in its crib with flies covering its entire face.

Another trip found the baby lying in its crib on a mattress so soaked that it was dripping from one corner.

Both parents worked, the father during the day and mother as a South Bloomfield tavern cook, in the evening.

Starkey said their average weekly income was \$100 and they were paying rent of \$10 per month. The three-room house was covered with dust and dirt, without water and heated by a coal stove.

THE 17-YEAR-OLD girl, after a week in both Pickaway and Fairfield County Jails was committed to the Columbus Juvenile Diagnostic Center for observation.

Sheriff's officials had been holding a warrant for the father for failure to support his children since January 19.

News of World in Brief

BIRMINGHAM, Ala. (AP)— "We got home, woke the babies up and looked at them."

A joyful Mrs. Charles Anderson said that was how she celebrated her acquittal on charges of armed robbery.

The attractive blonde, a 30-year-old mother of three, was acquitted Friday night after a Federal Court jury deliberated one hour and 50 minutes.

CHICAGO (AP)—A jury of 10 women and 2 men took just 80 minutes of deliberation to acquit Duncan Hansen, 29, of a charge of murdering his former wife, Susan.

Hansen, a tall, bespectacled part-time school teacher, was accused of slaying Susan Hansen, 25, May 24 in her South Side home a month after she had divorced him on grounds of cruelty. She was found dead on the floor of her bedroom with a broken neck.

ARMINGHAM (AP)—Arms-making is on the increase in West Germany, and American money and technical know-how—almost by accident—are giving it a big boost.

Just how far it will go remains to be seen. U.S. government officials say they are watching the development with interest and some concern.

NEW YORK (AP) — "I am stunned. Honest programs are taking the rap because there have been phoney ones."

This was the reaction Friday of Walt Framer, independent producer of "The Big Pay-Off," one

of the television quiz shows to be dropped by the Columbia Broadcasting System in the wake of disclosures that some top TV quizzes were fixed.

HAVANA (AP) — Strongman Fidel Castro has elevated his 28-year-old brother Raul to the Cuban cabinet.

Raul will take over the newly created Ministry of Armed Forces.

LOS ANGELES (AP)—A prediction of high winds caused concern today as a massive, four-day-old fire continued to flourish on dust-dry brush in the hills north of Los Angeles.

The toll was one man dead, 13 injured, 8,200 acres burned.

And there was no prospect of immediate control.

WASHINGTON (AP)—President Eisenhower says the nation's 700,000 newspaper boys and girls "strengthen two of our most cherished traditions: the freedom of the American press, and the opportunities of American citizenship."

COLUMBUS, Ohio (AP) — The Ohio Department of Agriculture predicts heavy runs on the hog market next week.

CLEVELAND (AP) — Rep. Charles A. Vanik (D-Ohio) today asked the Department of Defense to consolidate production of all light tracked military vehicles here, and to center the production of medium tracked vehicles at Lima, Ohio.

Industry Studies Steel Union Offer

NEW YORK (AP) — Steel industry leaders meet today to weigh a compromise union offer to end the 95-day steel strike.

They were to gather in a Waldorf Astoria Hotel suite to consider a scaled-down union proposal reported to call for about 21 cents an hour in wage-benefit gains over a two-year period.

Secretary of Labor James P. Mitchell said in Washington he was optimistic that a settlement could be reached to avoid a Taft-Hartley injunction.

Such a court order, unwanted by either the industry or the Steelworkers Union, likely will be sought by the government next week barring a weekend peace pact.

"The parties are closer together

than they have been since the negotiations started," Mitchell said Friday night. The steel labor dispute has been going on for six months.

There were indications that the government, although still wanting to avoid a labor pact that would force an inflationary boost in steel prices, now considers that ending the strike is an equal if not overriding consideration.

The industry's negotiators are due to rush back to Washington this afternoon to give Union President David M. McDonald their answer on his latest offer.

The reply could take the form of a counter proposal.

It was noted that the union's new offer, paring down prior money demands about a third, would do nothing toward meeting the management demand for more freedom in changing work practices to gain economies. The industry probably will want some concession here, even a token one.

The union proposal of around 10 cents an hour in each of two years was designed to have an anti-inflationary appeal by concentrating the money exclusively in insurance, pension and other benefits for the first year. The second year's installment would be in a wage hike.

Previously McDonald had been holding out for 15 cents per hour for each year of a new contract.

Both sides operated under a 48-hour deadline. They are scheduled to report back Sunday morning at an open hearing before the White House inquiry panel headed by George W. Taylor.

2 Lancaster Men Fined in Gambling Case

COLUMBUS, Ohio (AP) — Two Lancaster men were fined a total of \$2,000—partly suspended—here Friday for failure to pay the federal gambling tax.

Federal Judge Mell G. Underwood fined Harry Houseworth \$1,000, but suspended \$900 of it. Harold E. Chilcote, appearing on two of the tax charges, was fined \$1,000 with \$500 suspended.

In other cases, John M. Keffer, 49, of Chillicothe, was placed on three years' probation. He had pleaded guilty to nine counts of mail theft, forgery and presentation of checks for payment.

Five years were added to the two-to-five-year prison term of Harry C. Barney, 19, formerly of Pennsylvania. In a Sept. 22 trial, he had pleaded innocent to a charge of attempted escape from Chillicothe Federal Reformatory.

Arraigned Friday was Leonard W. Bigley, 23, of Lower Salem, on three counts of interstate transportation of a stolen vehicle. He pleaded guilty.

At his arraignment, William R. Andrews, 20, of Coshocton, pleaded guilty to a charge of unauthorized sale of government property.

Probation investigations were ordered for both men.

Route 2 Man Loses Hand in Corn Picker

Royal B. Greene, 74, Route 2, suffered the loss of his right hand as a result of a corn picker accident at 1:30 p.m. yesterday.

Greene's hand was removed at his wrist during an operation performed last night in Berger Hospital. He suffered shock but was reported in fair condition today by members of his family.

According to his daughter-in-law, Mrs. Robert Greene, who resides with Greene, he was operating a corn picker by himself.

Corn fodder piled up in back of the picker causing a chain to snap. Greene attempted to free the fodder while the picker was running.

HIS GLOVED hand caught in the picker and within seconds his hand became ensnared in the picker's corn husker mechanism, slicing the hand clean through except for a narrow layer of skin. Mrs. Greene rushed her father-in-law to Berger Hospital.

Air Force Rockets Used as Kid's Toys

ALPENA, Mich. (AP) — Police went on the jump upon discovering that children were using Air Force rockets for toys.

The officers rounded up 11 of the 3½-foot rockets Friday and put them safely in a vault until the Air Force could have a look. Where did the rockets come from?

Parents of some of the children said the youngsters told them they got them from fishermen who netted them in Lake Huron.

Wurtsmith Air Base at Oscoda, not far from here, has a jet practice firing range over the lake. The base is investigating.

Navies Open Exercises

TAIPEI, Formosa (AP)—Units of the U.S., Chinese Nationalist and Philippine navies began a joint exercise off southern Formosa today. The Defense Ministry said it would last a week.

Mrs. Klumpp Wins Stay of Execution

CINCINNATI (AP) — Mrs. Edythe Klumpp has won an indefinite stay of execution from the First District Court of Appeals, pending her appeal from a death sentence.

Judge Frank M. Gusweiler had sentenced the blond former home economics teacher to die in the electric chair Dec. 15, but a stay was granted Friday so the appellate court could act on her appeal.

A Criminal Court jury last July convicted the 41-year-old divorcee of first-degree murder in the death of Mrs. Louis Berger, estranged wife of Mrs. Klumpp's lover. The jury did not recommend mercy.

Severance Pay Takes Sting Out of Firings

Half of Nation's Big Manufacturers Now Observing Practice

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—If your boss decides he can do without you will he take a little of the sting out of your departure with some soothing extra folding money?

In about half of the nation's larger manufacturing companies he will. Some give severance pay only to salaried employees, others only to hourly workers.

And in some industries the practice is all but universal and in others it is observed by only a few corporations. The bigger the company the more likely it is to have a severance pay program.

Only a few take the age of the departing employee into account. And more often than not the extra pay comes only when operations in general are being closed down rather than when the boss doesn't want you in particular around any more.

The above findings are from a survey of American manufacturing companies employing more than 1,000 persons. The National Industrial Conference Board asked them how they treat what the board calls "employees whose service is terminated at the behest of management."

Many of the severance plans are parts of union contracts. One agreement just concluded is noted by the Employee Relations Bulletin, published by Vision Inc. This calls for immediate payments to workers whose jobs are eliminated, but payment to those who are laid off only if they aren't recalled within two years.

The Conference Board narrows its survey down to 259 companies with severance pay plans. It finds that nearly always length of service determines the amount paid. An employee with one year's tenure is most likely to get a week's pay; with five year's service a month's pay; and with ten years' service a month's pay.

For the real old-timer with 15 years or more the pay differs widely. One-third of the companies give a month's pay or less; another third hand out a week's pay or more for each year of service; and the remainder are somewhere in between.

One-fourth of the plans don't increase the size of the benefit for service running more than five years, apparently handling long-time employees on a case-by-case basis.

The problems an older worker faces in finding a new job are taken into consideration by about 10 per cent of the companies, and particularly by those in the oil industry. In these plans age as well as length of service determines the amount.

Boy Experiences Santa's Troubles

TOLEDO, Ohio (AP)—Four-year-old Michael Buescher got a painful idea today of what Santa Claus goes through every Christmas.

Michael climbed to the roof of a sheet metal shop with another 4-year-old boy and tumbled 20 feet down a chimney.

Firemen came to the rescue after Michael's pal, Tommy Jacobs, ran and told the victim's mother that he had disappeared atop the building.

Michael's plunge stopped at a spot just below the first floor level. He was in the 6 by 12 inch chimney about 20 minutes.

Covered with bruises, scratches and soot, he was taken to St. Vincent's Hospital for treatment.

Seaway Review Due Next Week

TOLEDO, Ohio (AP)—The St. Lawrence Seaway will get a verbal dredging next Thursday and Friday at a convention of the Great Lakes Harbors Assn.

A panel headed by Milwaukee Port Director Harry Brockel will review the record of the seaway in this first season of operation.

Charles F. Heath, chief of the Industrial Development Division of the new Ohio Department of Industrial and Economic Development, will discuss the future economy of the Great Lakes states, as affected by the seaway. The Department of Industrial and Economic Development becomes an operating section of the state government Nov. 4.

Japanese Princess To Wed Bank Clerk

TOKYO (AP)—Emperor Hirohito's youngest daughter, Princess Suga, will marry a 350-a-month bank clerk next March 10. Hirohito will set a precedent and attend marriages of anyone below his rank.

The 20-year-old princess is marrying Hisanaga Shimazu, 25, a descendant of a feudal lord.

77th Birthday Starts Exciting

TOLEDO, Ohio (AP)—Of all the birthdays of Mrs. Elizabeth Dudley, her 77th today was the most exciting. A good bite on a prowl-er's thumb kept her alive to tell about it.

Mrs. Dudley told police she awoke early in the morning to see a man going through drawers in her bedroom. She screamed, and the man threw a pillow over her face and tried to suffocate her. In the struggle, she freed her head and bit down hard on the intruder's thumb. He screamed and fled.

Mrs. Dudley, who lives alone, went in her night clothes to the home of her son, two doors away, and had him call police.

Mr. and Mrs. Cecil Bower and daughter, Eileen, arrived home on Tuesday after a week spent in Carthage, Mo., visiting at the home of Mr. and Mrs. Harold Bright. The Bower's daughter, Mrs. John Bright (Naomi Bower) and little son, Johnny, also accompanied them, but remained for an additional fortnight to visit John's grandparents.

Mr. and Mrs. W. R. Sunderland spent Sunday with their son-in-law and daughter, Mr. and Mrs. Don Trueman and children who live at Hamilton.

Juvenile Work Plan Pays Dividends in Cincinnati

CINCINNATI (AP)—A crippled man in his mid-forties held tightly to the arm of a 16-year-old boy. The man's body leaned forward, his muscles taut from arthritis and from fear. Slowly he placed one foot in front of the other and shifted his weight.

In this way he walked, first in his home, then out to the sidewalk. Gradually his muscles strengthened and his fear eased. Finally he made it around the block without tiring.

The man has been crippled for years. Destitute, he had no one to help him walk. Nor could he afford to pay anyone.

The boy grew up in the poverty of the West End. He was a thief, constantly in trouble with police and juvenile authorities. They called him a hard core delinquent—"the bottom of the barrel."

Last March, while on probation to Juvenile Court, the boy began helping the man walk for an hour a day. He received \$5 a week for his efforts.

As the weeks passed, the boy saw how much the man depended on him. The \$5 was money that he never had before. The boy he never missed a day.

Finally, the boy told the man that he was "through doing wrong." This fall he has a part-time job after school.

The youth is one of many delinquents who have been put to work during the past year under a Juvenile Court work-therapy program.

The program was started in the belief that tough boys could be rehabilitated if they were put to work and given something for their efforts.

County funds could not be used, so members of the Juvenile Court staff donated money they received for speaking before organizations in the city. The Fraternal Order of Police and several Ki-

wanis Clubs also donated funds.

The boys have painted and re-decorated the apartments of bed-ridden and crippled persons, walked the crippled and aged to mobile units for chest X-rays and have cut grass, cleaned and painted at Convalescent Hospital, Children's Home and Longview State Hospital.

"We want to help only those who absolutely need our service and who do not have anyone else to provide it," said Paul Hahn, who supervises the program for the court.

By earning \$5 a week, the boys get "a feeling of independence," he said. "No one feels himself a man unless he is economically independent."

The program provides good therapy, he said, because the boys are "doing good for others." It re-kindles their interest in work and helps them develop skills, at the same time providing a good use for idle time.

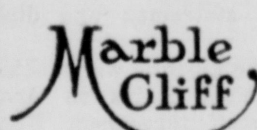

But, perhaps most important, he said, is that it gives the boys opportunities to have pleasant experiences with adults—"to talk, to

Looking at the World's News through the Camera's Eye

WEAPONS MEET SPEEDS—Star performer at the seventh annual U. S. Air Force World-wide weapon meet, Oct. 14-23 at Tyndall Air Force Base, Panama City, Fla., is expected to be the F-104 Starfighter (upper left), making its competitive debut. It holds 10 world records, among them a speed of 1,404 mph and an altitude of 91,249 feet. The 12 jet pilot teams from U. S. bases over the world will make mock attacks on B-57 bombers (lower). Among jet planes in the meet will be the F-100 Supersabre (upper right), F-102 Delta Dagger (middle) and F-89 Scorpion.

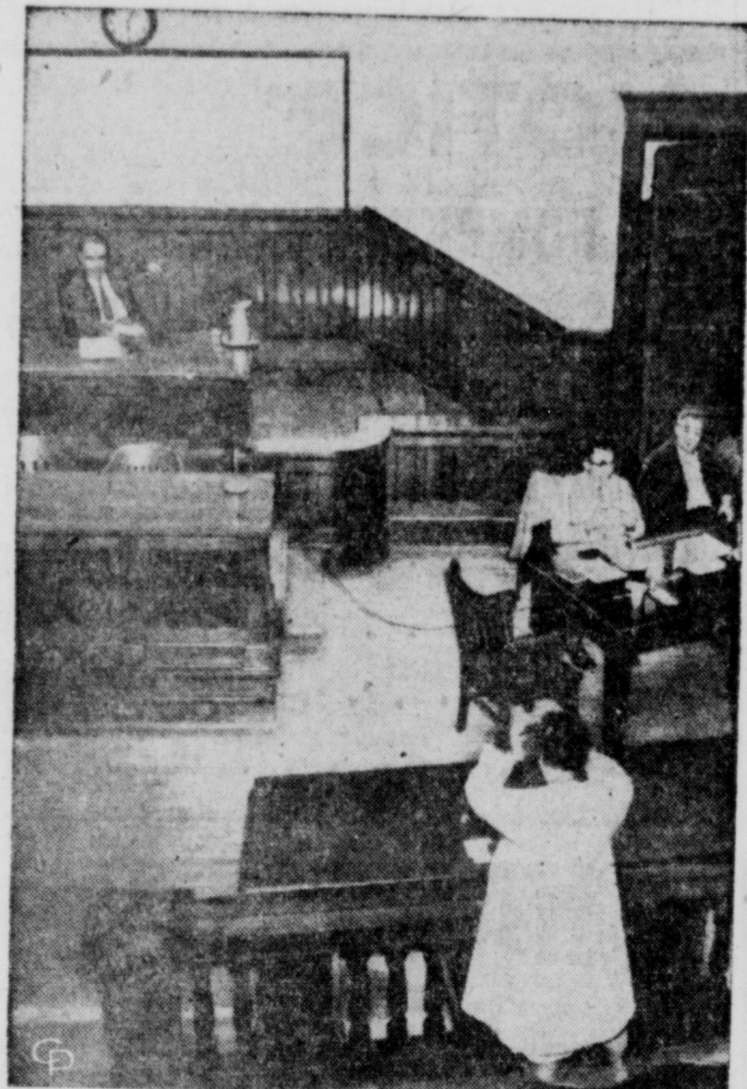

'TANKED'—This big hole was ripped in a suburban Dayton, O., home when a jet trainer fuel tank plummeted 2,500 feet into it. Wright-Patterson Air Force Base Police Chief Mike McClellan looks over the damage. Inset shows Mrs. John D. Lanning, aghast at her good and bad fortune. "If I hadn't missed the bus," she said, "I would have been in there." The plane developed engine trouble and the pilot jettisoned one tank on the flight field. He was circling for another pass to jettison the other tank, and it broke loose.

MOON CAR NEEDS NO TURNPIKES—The pock-marked surface of the moon (top) gives birth to an idea for a moon car, shown in a drawing (right) as it might look as it rides and "jumps" over the rough lunar terrain. The plans for the vehicle are put forth by Hermann Oberth in his book, "The Moon Car," published by Harper & Brothers. Prof. Oberth, who counts among his pupils Werner von Braun, U. S. missile

expert, explains the urgent need for a radical car as Soviet and American spacemen rapidly approach the day when man will land on the moon. His moon car is solar powered in the oxygenless atmosphere and can cross craters "grasshopper" style. At left is a cross-section of the car showing its utility platform (1), with railing (2) and crane (3) for transporting materials. Platform could be removed. (Central Press)

LASHES MAYOR, POLICE CHIEF 9½ HOURS—Filibustering in Aurora, Ill., city council chambers, Mrs. Irene Davis, 200-pound housewife, ignores Mayor Paul Egan's motions for order. She held up council proceedings with a 9½-hour talkathon, during which she charged the mayor and Police Chief Donald F. Curran with playing footsie with Aurora gamblers. As she ended her filibuster, Mrs. Davis declared, "I had lots more to say."

PALACE GUARD SAFE BEHIND BARS—A Buckingham palace guard stands watch in London, safe behind the iron fence surrounding Queen Elizabeth's residence. This new sentry arrangement was decided upon to protect the guards from cap-pulling, shutter-clicking, talkative tourists.

'LUNIK'—Rome designer Angelo Litrico calls this camel hair coat the "Lunik." It has brown epaulets trimmed with "rockets." The three-button closing is supposed to suggest the Soviet moon rocket's tail fins.

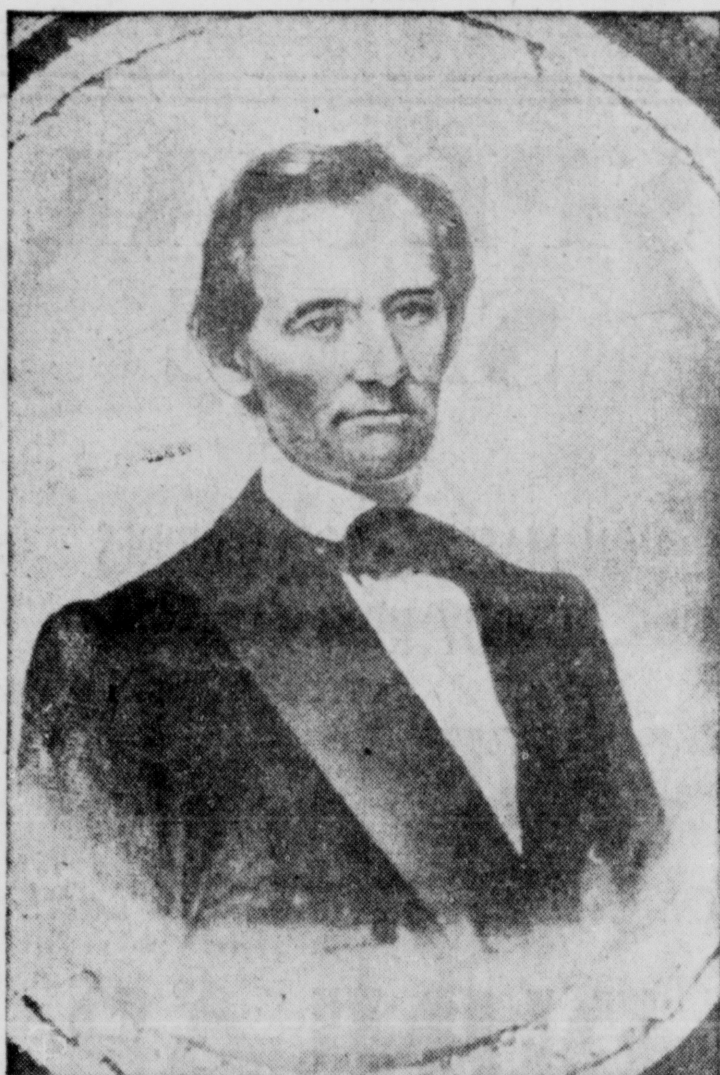

ONE OF THE LAST PHOTOS OF ERROL FLYNN—This picture of Errol Flynn and his 17-year-old protege, Beverly Aadland, was taken at a party in Hollywood last month. Flynn, Hollywood's "bad boy," died in a doctor's office in Vancouver, B. C. He was in Vancouver to dispose of his yacht, Zaca.

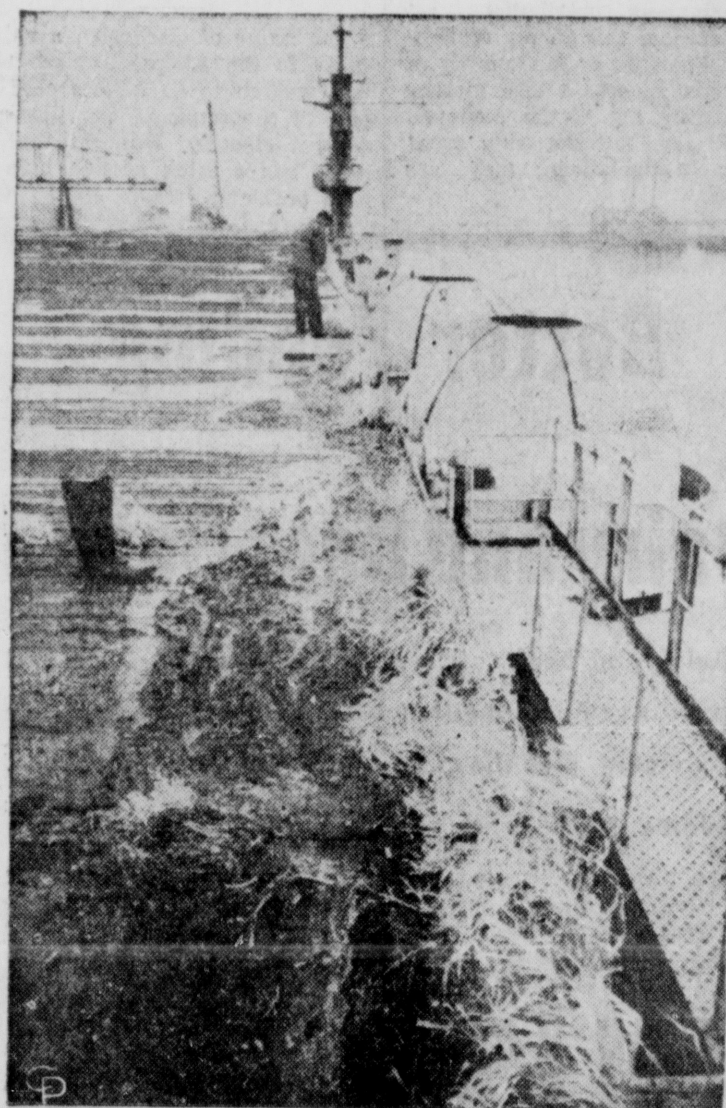

SEES AGAIN — "They're so beautiful," declares Mrs. Duane Vincent in Seattle, Wash., on getting her first real sight of flowers. The 45-year-old housewife, blind nearly all her life, had just received corneas from eyes of Bob Jenness, 12, who died of a motor scooter accident.

WED LIKE IN ANCIENT GREECE—Judd Boynton places a ring on the finger of his bride, the former Roberta McIntyre Davis, in the Temple of the Winds in Berkeley, Calif., in a torchlit midnight ceremony recalling ancient Greece. Instead of a clergyman, the wedding was solemnized by a modern jazz quartet plus three conga drums. The two torch bearers are best man and maid of honor. But just to make it legal, they had a civil ceremony before this.

1860 PORTRAIT OF LINCOLN FOUND—A newly-discovered Cooper Union portrait of Abraham Lincoln is on display in an exhibition of Civil war photographs by Matthew B. Brady in San Francisco. This portrait, made Feb. 27, 1860, was discovered recently by William J. Kaland and Roy Meredith of the Westinghouse Broadcasting company during a search for Civil war material for a TV series. The photo was one of the two made by Brady following Lincoln's Cooper Union speech. The late President said, "Brady and the Cooper Union speech made me President."

GRASS NOW GROWS ON FLIGHT DECK—Clumps of grass are growing on the once-busy flight deck of the U. S. Carrier Manila Bay, which gained World War II fame for its glorious record against Japanese kamikazes. The Manila Bay soon will be towed from Boston to Japan, where it will be broken up for scrap.

AMERICAN ORDAINED IN MALAYA—An American physiotherapist from the Saginaw, Mich., Veterans hospital, Dalian Louis Steding (center), 32, clasps his hands as he is ordained as a Buddhist novice monk in Penang, Malaya. Helping him with his robe is Rev. Hui Cheng, his spiritual godfather and chief priest of the Penang Buddhist association. At the right is Venerable Abbot Sumangalo, the group's religious adviser. Steding will return to his work in Saginaw, but will continue his Buddhist connections.

Ghost Towns on Rebound

Virginia City, Bannack, Georgetown, Calico, Stedman and Randsburg are but a few of the names of habitats which once outshone cities 20 times their size, in the days when the adventuresome spirit was much more imaginative and bold than is possible under modern civilization's inhibitions.

Glittering like diamonds on velvet, these gold and silver boom towns attracted the industrious, the parasites and professional itinerants from every direction. It was not uncommon for luckless miners, pursuing the series of gold strikes of the last half of the nineteenth century, to renew acquaintances of others they never met except along panning streams.

As it became more and more difficult and expensive to continue following the veins deeper into the earth, some of the mines closed for lack of profitable operations. Others encountered uncontrollable obstacles such as underground streams, and still others never found the mother lode from which the discovered traces came. But in few cases did the miners actually exhaust the gold deposits.

Mining costs, which have multiplied many times since the '40s armed themselves with pick, shovel and gold pan and set themselves up in business, and government-fixed price of gold at \$35 an ounce, seem to have doomed most gold deposits still remaining to oblivion.

Few of the mines which survived the closedown during World War II are in op-

eration today, mainly because of the unprofitable prices of gold and silver. As a natural result of the closing of the main—and often only—industry in many western communities—the landscape is dotted with ghost towns.

Those who lamented the passing of the colorful pioneering towns should see some of them today. Many are host to a greater number of visitors than were ever entertained in their heyday. Developers and theatrical companies have found them a fascinating subject to mid-twentieth century dwellers, with the result that the once unwanted remains of a unique existence are now bringing high prices as potential tourist attractions and authentic movie sites.

Many ghost towns have rebounded from the dust of desertion with remarkable spirit and have managed to rebuild a permanent population as well as provide a refuge for the curious. If the interesting personalities who once traveled their streets could see them now, they would regard it as fitting that the treasure is returning to the hills and desert from which it came.

Courtin' Main

A grouch is never happy. Let the dentists do the job of looking down in the mouth.

Keep Idle Hands Busy

U. S. Senate subcommittee on juvenile delinquency, about to resume its hearings in New York, may wish to note the pertinent fact that arrests of youngsters have dropped there since the reopening of schools.

An obvious conclusion is that most youngsters in New York and elsewhere do not get into so much trouble when they are busy. That could lead to reexamination of well-intentioned child labor laws aimed at preventing exploitations that run contrary to American standards of human values.

Federal wage and hour laws now ban

the employment in interstate commerce of minors under 16 in stipulated industries. Moreover, they must be 18 before they can take so-called "hazardous" jobs.

Many state laws parallel the federal regulations. In New Jersey, for example, it wasn't until 1956 that youths were permitted to operate electric typewriters. This was judged to be a dangerous job.

The Senate subcommittee has expressed a desire to get the federal government into the fight against juvenile crime. Perhaps it could recommend ways of providing job opportunities, compatible with their years, for youngsters when they are not in school.

Truly Great Are Chosen

It does happen that some persons become temporarily important. Politicians, actors, singers, murderers, gangsters—all sorts of persons achieve the state of appearing to be important for a few years. Then, of course, they, like the rest of us, subside in the dust of oblivion which is, indeed, irksome.

The immediate problem is whether to have or not to have a modern, fancy self-operated elevator and the agitation becomes frenzied. Some important ones are fearful that an unattended elevator will be an invitation for criminals to hop them over their heads and steal their jewels. Of course, the criminals can do the same if the elevator is attended, because nowadays with full employment and nobody hungry, the ablest men go where the money flows more freely. Running an elevator in an apartment house is not the most inviting job, particularly if the tenants are slow to tip.

In fact, tipping is a big issue in such matters. It is a fundamental, sanctified custom from which one departs at his peril. In the old days, it used to be said that an untipped waiter put his thumb in the soup when the customer came again, but nowadays, we do not eat much soup, except out of cans at home to save the labor of a wife.

But a clever waiter can always get even, like spilling a sauce on a customer's suit or giving him a table near the kitchen door, or refusing him a table altogether.

Everybody expects a tip and those who, even around Christmas time, forget the customs of civilization, will know it. So, competent, polite, attentive, energetic, valise-carrying elevator men prefer to go where the reputation is that the tips are generous and often. Those who complain loudest about the service they get are usually the least tippers, if at all.

Now I am not absolutely positive that an automatic elevator is best for children, certainly not for children reared by progressive parents who spare the child and ruin its manners. Such children will go up and down and play in an elevator as though it were a toy and there would be no one about to spank them.

Mrs. FDR Fete Helps Cancer Drive

WASHINGTON (AP) — Eleanor Roosevelt said she didn't want to pay any attention to her 75th birthday, but another cause — a cancer research institute — has shunted aside her wishes.

She celebrated Thursday night with more than 700 people at a dinner to raise funds for an Eleanor Roosevelt Institute for Cancer Research.

And she consented to appear on a nationwide television "Salute to Mrs. FDR" later this month for the same cause.

Her 75th birthday was last Sunday. She said she wanted it to pass quietly and she would have a bang-up 80th birthday. But then there was the 1½-million-dollar center that is to be built at the American Medical Center in Denver. The research center would be devoted to study of the disease in all stages.
Mrs. Roosevelt, after listening for more than an hour at the dinner to tributes to her world-wide humanitarianism, declared: "I don't do anything." She said she helped simply by "bringing people together and then they do things." While she sat quietly on the dias, the Washington fund raisers were boosting their pledges for the center over \$201,000.

have automatic, self-service elevators and the progressive brats will have to be spanked for their misuse or they will probably be killed. A spanking can save their lives. It has been known to be very good for the soul. If the children cannot be cured, perhaps the parents can be.

The temporarily important persons fear being mugged or robbed or kidnapped by those who are jealous of their temporary success in life. Only those who have no successful ancestors fear the consequences of good fortune. Those with ancestors know that nothing is permanent and least of all, wealth which rolls away and is lost in a few generations.

Even the names of the Four Hundred are forgotten in this era of Cafe Society when headwaiters determine who is significant and rates a preferred table. The great names of yesteryear hardly carry a decibel. Today's notorious become tomorrow's ordinary and celebrities rarely outlive their press agents.

That some become temporary celebrities is what is so often called democracy, which it is not. What is amounts to is that among free men the quality of human beings is not measured by some advantage of style but by permanent contributions, as, for instance, the genius of Benjamin Franklin or the nobility of Abraham Lincoln whose mother was surely not of the moneyed aristocracy. But the truly great require no privilege; they are chosen.

Here Are First Aid Rules

By Herman N. Bundesen, M.D.

I don't expect all of you to be first-aid experts. It would be wonderful if you were, but I know this can't be expected.

However, those of you who are parents should at least know what you can do to help an injured or ill child until the doctor arrives. I've given you countless first-aid suggestions in the past. I doubt that you remember much of what I told you.

So now I would like to list a few really practical suggestions that any of you can follow. I suggest you clip them and past them in your medicine cabinet where they will be readily available.

In any emergency, call your doctor immediately. Then, while you are waiting for his arrival, follow these instructions:
Convulsions—Place the child on a bed. Turn his head to one side. Insert a roll of gauze between his teeth.

If he has a fever, sponge his

body with alcohol or cool water.
Fractures or Head Injuries—Simply keep the child quiet.

Foreign Bodies—In the Throat: Turn the child upside down. Slap his back if he is choking.

In the Eye: Bathe the eye with a mixture of one teaspoonful of baking soda in a glass of warm water.

If the eye is injured with a pointed object, cover the eye with a clean cloth.

In the Nose or Ear: Do not attempt to remove the object.

Small Cuts—Wash with soap and water and cover with clean gauze. If it is bleeding, cover with a clean cloth or a bandage.

Insect Bites—Apply cold compresses and then calamine lotion. For tick bites apply vaseline or oil.

For animal or human bites, check with your doctor before doing anything.

Minor Burns—Check with your doctor before applying any ointment.

Serious Burns—Wrap the child in a clean sheet. Take him to the nearest hospital.

Poisoning—Take the child to the nearest hospital immediately if he has swallowed kerosene or lye.

For any other type of poisoning, make the child vomit by placing your finger down his throat. Give him plenty of milk.

Be sure to save a sample of the poison to show to your doctor.

There are additional first-aid procedures you can follow in each case. But, for simplicity and efficiency, I think this list fills the bill.

Question and Answer

Mrs. M. G.: What is a fistula

and should it be removed?

What could happen if it is not removed?

Answer: A fistula is an abnormal draining infected tract. If you are referring to a rectal fistula, this is usually due to infection and should be cleaned up by a relatively minor operation.

You're Telling Me!

By WILLIAM RITT

Central Press Writer

The Castro government has barred Santa Claus from Cuba's Christmas decorations this year. Could it be because the good saint's snowy white beard is so very much a nd s o m e r than Fidel's scraggly chin spinach?

No jingle bells will be allowed either, the news from Cuba reveals. Maybe it's figured they might drown out some of Castro's speeches.

Cuba has also banned importation of Christmas trees. That, comments the man at the next desk, is going too far.

Nixon says Rep. Charles Halleck is "worthy of the vice presidency." Richard may not have actually announced for the presidency but, on the other hand, observes F.E.P., a man who goes about recommending someone else for his job has SOME sort of fever.

Evangelist Billy Graham is quoted as saying Khrushchev will go to hell. Now, says Aitch Kay, let's see what the power of suggestion can do!

There is only one angle about that sprawling Los Angeles Coliseum the sports writers didn't find fault with — the flood of money that came through the ticket windows.

The name of Cacareco, a rhinoceros in the Rio de Janeiro zoo, was written in on ballots cast by tens of thousands of Brazilians in a local election. Well, at that, a rhino has a thick enough hide to be a politician.

The World Today

The Soviet Union's Communists will make conservative capitalists of themselves yet if they don't wach out.

And if the Soviet Marxists turn into old-fashioned Tories, Nikita Khrushchev's gambling will have played a large part in the transformation.

From reading the Soviet press lately, one gets the idea Khrushchev learned something from his tour of the United States. Indications are that he didn't like what he learned.

Since his return to his own stamping ground, the No. 1 Soviet Communist has been nagging, badgering, prodding and cajoling his Communists to get on with the job of accomplishing the improbable: Catching up with the over-all U.S. economy.

Strange items appear in the Soviet newspapers, where nothing is printed by accident. A likely conclusion is that the items are part of a deliberate drive to put pressure on the Soviet bureaucracy—to build a fire under it.

Moscow dispatches tell of a letter to a Communist newspaper from a worker who said he was fed up with Sputniks and airliners and anxious for the regime to come down to earth and produce shoes.

The newspaper professed to be peeved by the outburst. It said the letter writer's fellow workers were angry with him for it. But then it went on to quote some of them as saying they also wanted better clothing, furniture, shoes and television sets.

This example is one of many such popping up since Khrushchev returned from America. He, himself, added steam to the campaign. In Vladivostok, he cheerfully chided the bureaucrats for rushing goods to the stores in time for his visit. He demanded a more sensible approach to problems of supplying the consumer public.

For some time, a key phrase in Khrushchev's program has been "material self-interest." Its obvious appeal to the acquisitive spirit sounds odd for a regime professing to be "building communism."

Last week Soviets for the first time began buying consumer goods on the installment plan, something they learned from Americans. Now the papers tell them to learn more from Americans—how to produce more goods per man, how to raise food output. Possibly such things as material self-interest and installment buying are intended to be temporary, as stimulants to labor productivity. But in the background is an unmistakable note of impatience.

Khrushchev has seen a number of non-Communist countries, and he has just seen the United States. He would be unlikely to confess it publicly, but there is a good chance he was annoyed by the obvious superiority of the American consumer economy.

The Soviet Premier seems will-

ing to take on added risks in an attempt to get his own consumer economy show on the road. Behind his activity is a persistent public pressure for more consumer goods, by now fairly obvious to outside observers.

In spreading a doctrine of material self-interest, Khrushchev takes a chance of making the Soviet consumer more and more property-conscious. For the sake of

By WILLIAM L. RYAN
AP News Analyst

world peace, this should be all to the good.

The better off the Soviet public is, the less it will be inclined to risk its gains for the glory of a misty doctrine. Historically it has been demonstrated that well-fed, well-clothed, property-owning people tend to be conservative, from a desire to keep what they have acquired.

NEW CAPITOL CAST—Plaster casts of War and Peace statues, which will stand on the central portico of the new east front of the Capitol, are taking shape in a shed on the Capitol grounds in Washington. Sculptor George Gianetti of Washington is working on the casts. The statue of War in the center is being replaced.

Florida Guest Attends Bible Class Meeting

The Shining Light Bible Class of the First EUB Church met Thursday in the home of Mrs. Carlos Brown, Route 4.

The meeting opened with meditation by the president, Mrs. Myrtle Trimmer. Devotions were in charge of Mrs. Cecil Porter. The group sang "Star Spangled Banner" and closed with prayer by Mrs. John Stevenson.

The program consisted of reading by Mrs. Stevenson and Mrs. C. O. Kerns. Mrs. Sylvia Harper, a guest from Florida, recited "Maude Mullu" and Mrs. Ralph Long gave a reading entitled "Live a Day at a Time."

A quartette composed of Mrs. A. H. Morris, Mrs. Iley Greeno, Mrs. O. F. Gibbs and Mrs. Ralph Long sang "The Glory Song."

During the social hour a luncheon was served in keeping with the Halloween theme with Mrs. Roy James and Mrs. Porter as hostesses.

Guests for the evening were Mr. and Mrs. John Brown and son.

Women Are Going Wild Over Square Hair

By VIVIAN BROWN
AP Newsfeatures Beauty Editor
"Women want wild hairdos," says hairdresser Nancy Mace of New York. "And that's one reason I had to create the new square-top look."

Wild hairdos obviously make a woman feel more glamorous, in the sexy fashion of Italian girls with whom the hairdo originated she says. But now they can be wild-coiffed in a ladylike sort of way. Says Nancy:

"The idea behind the square look is tamed wildness. The hairdo is flat at the ears, combed high in the manner of the old pompadour, but cut on simple lines into a wave wing. Variations could include pulling down a lock of hair from this controlled hair if a more care-free hairstyle is desired."

One important impression given by the square look is height, Miss Mace explains, and this helps slenderize and ovalize the face. The hair can show a slight indentation of part and fall away high from either side of it. Or the hair can fall over the forehead in bangs that originate well back on the head with a pompadour-type sweep rising behind it. This short hair is blunt-cut and loosely waved without curl.

This fall it's going to be the hair line that counts says Nancy Mace, whose Les Girls salon caters to the cream of the working girl set. Nancy can tell which way the wind is blowing fashion-wise and when the breeze will change its course just by talking to her customers.

"A hairdresser doesn't really set the styles. She gives the customers what they want but she puts their coiffure desires in a hair pattern that flatters their features and is becoming to the current dress modes of the moment."

Dear Abby...

By Abigail VanBuren

Boy Bites Girl's Ear; Why?

DEAR ABBY: What does it mean when a boy bites the tip of your ear?

BERNICE
DEAR BERNICE: It means he is either teething or would like to know you better.

DEAR ABBY: I am going with a swell kid. He looks kind of hoody but he isn't that way at all. He used to be wild, but he's changed. He was thrown out of school because he kicked a teacher in the cafeteria. I talked to his mother yesterday and she said they were going to let him come back to school Monday and put him on probation. Abby, my parents won't let me see him. They think he's no good. When he calls me on the phone they tell him not to call any more and they won't let me talk to him. How can I convince my parents that he's a good kid? They won't even give him a chance to prove himself.

TRUE LOVE
DEAR TRUE: Your parents are judging this boy on his past performance. He has a lot of "proving" to do before he is regarded as a "good kid." Until he establishes a record of consistent good behavior (and fast) don't blame your parents for keeping you apart.

DEAR ABBY: Now that the people have stopped talking about the unwed mothers, I would like

to say a word about the unwed fathers.

If the parents of these unwed mothers would present the babies to the parents of the unwed fathers to raise, I am sure there would be a sharp decline in the number of illegitimate children.

MOTHER OF GIRLS

DEAR ABBY: Why is it assumed by city folks that we people who live on farms can take on the responsibility of an unlimited number of discarded pets?

In the 14 years that we've lived on a farm, we've had over 300 dogs and cats (usually approaching motherhood) deliberately dropped off on our property.

We have kept some, given some to friends, nursed back to health

those that were ailing—but there is a limit.

Some people have even abandoned sick animals who were so far gone that we have had to accry them to the vet's to have them mercifully put out of their misery. We have had it! How can we put a stop to this endless chain of cast-offs?

FARMERS WIFE

DEAR WIFE: You can't. City folks will always "deliberately drop off" unwanted pets on the property of farmers because they know that people like you will live on farms. They shouldn't do it—but they will.

Worship Every Week --

Brotherhood Sunday Slated
At Trinity Lutheran Church

Duplicate worship services will be held in Trinity Lutheran Church this twenty first Sunday after Trinity at 8:30 and 10:45 a. m. This Sunday had been designated as Brotherhood Sunday in the American Lutheran Church. The sermon by Pastor Carl G. Zehner will be in the series of questions Jesus asked: "Why Call Me Lord and Do Not Obey?" based on Luke 6:46.

The Adult Choir will present special music at the early service under the direction of Mr. Fred Hebbeler. Music will be led at the late service by the Youth Choir, under the direction of Mr. Clifford Kerns.

Mrs. Karl Herrmann will preside at the organ at both services. Sunday School for all ages will be held at 9:30 a. m.

The Nursery will be open in the parish house during the 10:45 a. m. service with Mrs. Maynard Slack in charge.

Presbyterian

"What Is Your Spiritual Spending Power?" This question forms the theme for the 10:30 a. m. Worship Sunday morning at the Presbyterian Church.

The day is designated as World Order Sunday which falls annually at this time in October each year. The Rev. Donald Mitchell will read the Scripture from the Book of Jeremiah, chapter 8 which carries the familiar song of hope: "There is a balm in Gilead to make the wounded whole. There is a balm in Gilead to heal the sin-sick soul." The matchless balm of the Christian message is entrusted to us to spend for the healing of the nations.

During the worship, elder George McDowell will speak briefly concerning the Benevolence work of the Church.

The Choir will sing the anthem "Sought the Lord" by Stevenson. James Carr will sing the solo part in the number. Mrs. Clark Will will direct. At the organ, Mrs. Theodore L. Huston will play the Bedell "Suite Breve Religieuse," and two Bach numbers — "Largo" and "Glory Be to God." Congregational singing will include the hymns: "Come Christians Join to Sing," "Faith of Our Fathers" and "The Church's One Foundation".

First EUB

United Crusade Day will be observed Sunday morning in the First Evangelical United Brethren Church. The service begins at 9:30 a. m. The Rev. Byron Welch, student in Otterbein College, Westerville, will be guest speaker.

The Fiddis Chorus, directed by Miss Lucille Kirkwood, will sing, "Jacob's Ladder". Mrs. Verneal Thomas, organist, will play the following numbers: prelude, "Meditation" (Andre); offertory, "Passing Thoughts" (Williams), and postlude, "A Mighty Fortress" (Wilson). Hymns to be sung by the congregation include, "He is so Precious to Me," "Bring Them In," and "Send the Light."

Edwin Richardson will assist the pastor in the Worship Service. Mrs. Helen Rowland will be received into church membership. Sunday School in the children's department will convene in the Service Center at 9:30 a. m. with Mrs. Robert Dumm in charge.

Church School in the youth and adult departments will meet following the Worship Service. The Boy's and Girl's Fellowship will meet in the Service Center at 10:35 a. m. with Miss Virginia Wise in charge. Nursery care is provided during both the Worship Service and Sunday School with Mrs. Billy Lockard in charge.

Calvary E.U.B.

Worship Service will be held in the Calvary EUB Church at 9 a. m. Sunday. The children of the primary and junior departments will meet in the sanctuary for this service. The Rev. G. H. Niswender will present a story-sermon preceding the morning sermon the topic of which is "Lost—and Found" based on the scripture Luke 15:11-32.

The congregational singing will be led by the youth choir. The hymns will be: "There's a Wilderness in God's Mercy," "Thou My Everlasting Portion" and "Out of My Bondage". Miss Mary Ann Saunders will be at the organ.

Earl Millrons, Sunday School Superintendent, will assist the pastor in the service. Classes for the youth and adults will be held at 10 a. m.

The children will meet for worship at 10 a. m. under the direction of Mrs. W. C. Shasteen, children's director.

Youth Fellowship groups will meet at 6 p. m. for the Y-Hour in the annex.

Church of Christ

The sermon topic for the 10:30 a. m. Worship Service at the Church of Christ will be "Patience In Suffering".

Suffering has a way of wringing a definite response from all men. Some respond with anger and resentment. It may be that the suffering is a consequence of unjust treatment at the hands of an oppressor. In such an instance, the reaction is often one of retaliation and revenge. The Christian's reaction to suffering is determined by the degree of his faith in God. A strong, active faith will enable him to be patient in suffering. James challenges the Christian to see trials and hardships, offenses and injustices, as avenues to a more meaningful faith and to a richer maturity in Christ. This patience in suffering is required in spiritual service to God. Bring a friend with you to worship this Lord's Day.

St. Philips

St. Luke's Day will be observed Sunday at St. Philip's Church with celebrations of the Holy Communion at 8 a. m. and 10 a. m. The Rev. William G. Huber will celebrate at both services and preach at the 10 a. m. Holy Communion.

The choir, under the direction of Miss Lois Wittich, will sing a setting of "O Lamb of God, Pure and Holy" by Healy Willan. The Willan Communion Service will also be sung at the late service by the choir. Hymns to be sung will include: "Immortal, Invisible, God Only Wise", "Immortal Love, forever Full" and "Rise Up, O Men of God." Mrs. Betty Goodman will be organist for the 10 a. m. service.

Mother Seton Still Is Far From Catholic Sainthood

By TOM HENSHAW
AP Religion Writer

Mother Elizabeth Ann Seton, who took another step toward canonization last week, is still a long way from becoming one of the many thousand saints on the Roman Catholic calendar.

The announcement by Pope John XXIII that the American-born nun has "passed the 'antepreparatory stage'" means she is somewhere in the middle of the canonization process, with the highest hurdles ahead.

The Catholic Church doesn't take sainthood lightly.

Mother Seton, who could become the first native American

saint, died in 1821, but canonization proceedings did not get under way on the lowest official level (the Baltimore diocese) until 86 years had passed.

Four years later, the documents painstakingly collected and examined in Baltimore were forwarded to Rome to a "postulator," a sort of clerical attorney who would plead her case before the Congregation of Rites.

Further examination by a commission in Rome, delayed by World War I, lasted another 29 years. It was not until 1940 that her cause was formally introduced and she was being considered for beatification.

Catholic spokesmen in the Unit-

ed States are not sure exactly how far along the road toward beatification — the last step before canonization — Mother Seton has passed.

Apparently these three points have met approval: She has a reputation for sanctity; she has not been venerated publicly; and her writings, even personal letters, express the saintly ideals.

She can be pronounced beatified — and bear the title "blessed" — only after the church has satisfied itself that two miracles can be attributed to her intercession.

Church spokesmen say it is unlikely that beatification can be considered and approved until 1960 or even much later.

Canonization, the final step to sainthood, is achieved only after the church proves to itself that her intercession has brought about two more miracles since her beatification.

This final step can take years or even decades.

Thus, the church's investigations of sainthood have come a long way since the informalities of the 13th century, when St. Peter of Castelnau could be canonized less than two months after his death.

The elevation to sainthood of Pope Pius X in 1954 required an examination period of 30 years, a mere drop in the bucket of time as the canonization process goes.

CROSSROADS

Here's what happens when four super-highways meet—a far cry from that simple "plus mark" we used to call an intersection!

Life is becoming more complex, isn't it? No longer is it simply a matter of finding the right road. Today you can't even get on the right road until you find the right approach. And you had better be mighty sure of the direction you want to go, or you'll find yourself speeding away from your destination on a turnpike that permits no U-turn.

As life has become more complex, the value of a deep abiding religious conviction has become more evident. Against a background of confusion and uncertainty the confident assurance of Christian faith is sharply silhouetted.

And the millions who have turned to the Church for truth and guidance have made a thrilling discovery. The Way of Christ is still just as clear, direct, and inspiring as it was to those who heard it first by the Galilean road.

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Make Church - Going a Habit

Tigers . . .

(Continued From Page One)
Greenfield's next score came when George smashed off tackle and rambled 24 yards. Dick Harvey's run for points was halted and the score read 20-6 in favor of McClain.

GREENFIELD's next tally was set up when Quarterback Larry Maynard intercepted a CHS pass on his own 49. Seven plays later Harvey crossed the double stripe from two yards out to run the count to 26-6. Harewood's dropkick try was smothered.

Still full of fight, the Tigers swarmed back on the ensuing kickoff. With the ball on the CHS 32-yard stripe, Smith faded back and hit Hannahs with a perfect screen pass.

Hannahs moved outside through a host of defenders, picked up several downfield blockers and rambled 67 yards. Ward threw a key block at the enemy 30 to clear the way.

The Tigers added two more points when Smith faded far to his right and tossed a strike to End Rich Warner.

Greenfield's final score came on a neat pass play from Craft to End Tom Pat Brown. The crafty Craft faked to two of his backs, then uncorked a long aerial to Brown who was behind the Tiger secondary. The play covered 45 yards.

Harewood, a novel dropkicker, sent the piggins through the up-rights and Greenfield was in possession of a hard-earned 33-14 margin which stood at the game's end.

COACH Benhase said the Tigers were to be commended for their valiant effort against the overpowering visitors. He said Tiger linemen and backs alike gave their all, even when Greenfield held a wide 26-6 advantage.

He cited the defensive work of Ends Bailey and Warner, Guards Harold Arledge and Hicks, Tackles Huffer and Leonhardt and Center Linden (Hoot) Gibson.

Hannahs displayed some of his best running of the season, and Ward did his usual good job on sweeps and on defense. Also commended in for praise was the passing of Smith and the running of Freshman Dade who picked up some vital yardage for the Tigers.

Benhase gave all due credit to the rugged Greenfield team, pointing out that the visitors fashioned their own breaks and made few mistakes.

Circleville definitely missed the speed of Vandemark, sidelined with a knee injury suffered in the Hillsboro game. Greenfield was without the offensive services of Left Half Don Hyer, out with a leg injury.

Circleville came through the test with only minor bumps and bruises, again an indication of their good physical stamina. Greenfield suffered several knocks, including a leg injury to Right Half Pete Coleman.

McCLAIN meets Franklin Heights next week in an SCO tilt, then hosts strong Washington C. H. in what could be a vital league game.

The Tigers will devote their attention to Friday's Homecoming game with Paint Valley.

Ashville Is Drubbed By Jefferson, 34-0

By JAMES I. SMITH
Herald Staff Writer

A determined but inexperienced Ashville eleven was no match for a rugged and swift West Jefferson gridiron team last night as the Broncos dropped their fifth straight contest, 34-0, on WJ's field.

What the Broncos lacked in football knowledge it more than made up in desire and determination against a heavier and faster Roughrider aggregation, its third Darby Valley opponent in a row.

The game no more than got underway when speedy Wendell Lilly

returned an Ashville punt 90 yards for the initial touchdown, behind superior downfield blocking.

After this first heartbreaking blow, the Broncos settled down and made a good accounting for themselves. Ashville showed some of its opening Berne Union game fire and considerable improvement over its last three contests, in which it was held to one TD.

ALTHOUGH not registering a touchdown, a few breaks in the first half could have spelled a difference in the ball game. Once the Broncos had first down and three yards for a touchdown, only to be stopped cold by a stubborn WJ line.

A second quarter touchdown pass, covering 43 yards from Jim McNeal to Phil Roese, was nullified due to a clipping penalty and there went Ashville's last real opportunity to score.

The Jefferson squad fielded four-year letterman halfback, Les Braithwaite, who didn't quite live up to expectations as the Bronco line stiffened to stop the damaging off-tackle slants, long favorites of All-Darby-Valley Braithwaite.

The game's surprise was the running and quarterbacking of Lilly, who led both teams in rushing with 150 yards in 10 carries for a 16-yard per try average. He tallied one touchdown and was instrumental in scoring several more.

Blockbuster Dick Mast put a crimp into Ashville's line with his driving up-the-middle running for 58 yards and 12 points. Dick Higgins also was a thorn in Ashville's side with his second half running for 34 yards and eight points.

The Broncos used 7-3-1 and 6-1-3 defenses to successfully halt the off-tackle slants, but its flanks were still exposed too often and Braithwaite made good use of the open space.

KEN CUMMINS came to life last night on defense to grab 12 tackles and seven assists to lead all Bronco defenders. He also picked off a WJ lateral in the fourth quarter and tore up field for 20 yards before he was smeared. Other stunch Bronco defensive play was displayed by safety-man Bill Cromley, with seven tackles, and tackle Jim McCord's seven tackles and three assists.

Jim Brown had seven tackles and seven assists while freshman center Joe Snowden, end and halfback, Roese, and halfback, Jim McNeal, contributed a fair share of tackles.

Offensively, Jim McNeal led Ashville ground gainers with 61 yards in 12 carries. Freshman Dan Hollenback chipped in with 26 yards, followed by Bill Cromley, 18, and Dick Noggle, 14 yards.

Roese had 59 yards on the end of two passes, one thrown by Mc-

Neal and the other by Larry Hicks. Dale Fout snared one for 10 yards. All-DV League tackle, Tom Sheerin, was the top defensive player for West Jefferson as he was on top of the majority of the tackles.

HE WAS ABLY backed by Jack Trees, Jim Parsons, Jim Myers, Mast and Lilly. As in past weeks, Ashville was in defensive alignment throughout most of the first three quarters before getting its offensive attack in gear in the final period.

After the initial score by Lilly, WJ capitalized on a bad pass from center on a fourth down punting situation and caught Jim Brown on Ashville's 20-yard line.

Three successive plunges by Mast tallied the TD. Highlight of the opening stanza for the Broncos was a nifty 42-yard pass from McNeal to Roese. McNeal was almost caught passing and Braithwaite deflected the ball into Roese's itching fingers.

Ashville drove to WJ's one-yard line before giving up the ball on downs and the quarter ended on a Lilly to Jim Parsons pass, good for 49 yards. Score: WJ, 14; Ashville, 0.

WJ scored immediately after the start of the second period on brilliant runs by Lilly and the final four-yard run into pay dirt by Braithwaite.

The Broncos unveiled a new formation last night—the short punt—with one man back and five men out as eligible receivers. The formation wasn't too successful because WJ's charging line moved in on the passer too quickly for accuracy.

THE HALFTIME score read, West Jefferson, 20; Ashville, 9, as both teams exchanged punts and several damaging penalties. WJ's pichout to Braithwaite was working to perfection.

All hopes of a second half comeback were soon squelched when Ashville kicked off and WJ proceeded to move for its fourth touchdown behind the running of Braithwaite, Lilly and Mast.

End sweeps and excellent blocking moved the ball downfield. Mast carried the final eight yards for the TD and Higgins ran the extra point.

WJ's Don Campbell recovered an Ashville fumble on the next series of downs. Ashville retaliated by intercepting a Lilly pass but a fumbled Ashville punt attempt gave WJ the ball in scoring position.

Higgins broke loose for 18 yards for the final WJ touchdown, slanting off tackle. The remainder of the contest was marred by pass interceptions, fumbles and penalties. The third stanza ended: W. Jefferson, 34; Ashville, 0.

In all, WJ intercepted six Ashville passes, mostly in the final quarter when Jim Franks entered the game at tailback and started throwing desperation passes as the clock ticked along.

ASHVILLE attempted 19 passes, but a stellar WJ pass defense held the Broncos to four completions. Jefferson, mainly a running team, tried seven passes and connected on one.

Throughout, Ashville attempted

long passes, not content with the short gainers. The Broncos, battling WJ starters throughout the tilt, sparked in the final minutes with hard charging line play, time after time smashing through to throw WJ backs for losses.

But whenever it got the ball, the long pass for the quick score was the only alternative and the odds were against success.

Of the three Darby Valley League teams it has played, West Jefferson is the weakest of the lot, although it leads the league with a 3-0 record.

The Broncos, now 0-5 on the season and 0-3 in league play, have a chance to creep into the win column next week, when it travels to Jamestown to meet DV league opponent, Greenview.

Celtics Hope To Keep Pro Cage Crown

BOSTON (AP) — The Boston Celtics, boasting more strength at forward and better shooting from Bill Russell, open defense of their National Basketball Assn. championship today against the revamped Cincinnati Royals.

The earliest tap-off in the 14-year history of the NBA will be televised nationally from the Boston arena (5 p.m., EDT) with the local area blacked out.

Russell, the 6-foot-10 center whose defensive and rebounding skills will be challenged by the most notable rookie in the circuit — Philadelphia's Wilt Chamberlain, demonstrated improved scoring ability as the Celts posted a 13-1 preseason exhibition record.

Big Bill, who used to hit from no farther away than 10 feet, has developed accuracy from the corners.

"I think Gene Conley will be better, due to a year of experience," says Celtics Coach Red Auerbach. "And the Jones boys, Sam and K.C., are better ball players."

"We were weak in the corners most of last season. Now I think rookies John Richter and Gene Guarilia, and even Conley, will strengthen us there. Guys like Bob Cousy and Bill Sharman are as good as they ever were."

Today's game will be followed by a televised meeting between Detroit and Minneapolis Sunday. Next Saturday all teams will be in action.

Pro Football Bedeviled by Family Spat

CHICAGO (AP) — Family arguments are disrupting the serenity of the National Football League and from the confusion of contradictory and acid-spiked statements from club officials one fact stood out clearly: The league definitely is planning expansion.

The rumors, following closely on the heels of the death of Commissioner Bert Bell, was touched off by a positive statement by Edwina J. Anderson, president-general manager of the Detroit Lions, that the league is making every effort to add four teams.

"But all the mechanics and the cities are yet to be decided," Anderson added. He listed Buffalo, Boston, Miami, Louisville, Dallas and Houston as in the running for franchises, with Boston, Dallas and Houston as the strongest possibilities.

George Halas, owner-coach of the NFL Expansion Committee took a moderate view of Anderson's pronouncement.

"We will have something definite to say about the league expanding next week," Halas said Friday. "Anderson's statement is premature. We can't say anything yet."

George Preston Marshall, owner of the Washington Redskins, wasn't so tolerant, however.

"I note that Mr. Anderson's name has been mentioned in connection with the commissioner-ship," the fiery Redskins boss said vehemently, "but I think he is a little premature in making statements about the league in general. He should wait until he is elected."

Elida Gridder Dies Of Game Injuries

LIMA, Ohio (AP)—Roger Craft, 15, a junior at Elida High School Allen County, was dead on arrival at St. Rita's Hospital Friday night after suffering injuries in a football game.

Craft was right guard on the team Friday night as they played Pandora - Gilboa High School at Pandora. He lived at Rt. 2, Elida.

Coach Art Shriver said the youth was injured in a defensive play and was semi-conscious. Cause of death had not been determined pending an autopsy.

Elida won the contest 8-0.

Florida Hurricanes Swamp Navy Crew

By THE ASSOCIATED PRESS
The University of Miami Hurricanes are on the way back to the top ranks in college football.

Victorious in only two of 10 games in 1958, the Hurricanes made it 3 out of 4 for 1959 by walloping Navy 23-8 before 51,694 in the Orange Bowl Friday night. It was the third straight setback for Navy, the first time that has happened to the Middles since 1951.

Uah whipped Denver 26-12 in Friday night's other major game. St. Ambrose nipped Drake 23-22. St. Vincent (Pa.) beat Wayneburg 6-0; Ohio Univ. took Youngstown 44-12 and Springfield drubbed Brandeis 43-12.

City Attorneys Fight for Redlegs

CINCINNATI (AP)—City attorneys Monday will tell Common Pleas Court why they want an injunction that halted a baseball parking program thrown out. Judge Simon Leis set the hearing Friday on the city motion.

City officials, backed by Hamilton County, agreed to spend two million dollars for auto parking around Crosley Field, home of the Cincinnati Reds, if the team agreed to stay here five years.

Superior Laundry & Towel Supply Co. won an injunction Wednesday, contending the agreement was illegal.

The laundry plant is near the ball park.

U.S. Polio Case Total Still Shows Decline

WASHINGTON (AP)—The number of paralytic polio cases reported last week dropped to 229, the Public Health Service said today.

That was 50 less than in the week ended Oct. 2 and 103 fewer than the 332 in the peak 1959 week, which came in mid-September.

There were 4,245 paralytic cases reported by the states in the 40 weeks between Jan. 1 and Oct. 9, compared with 2,089 in the corresponding 1958 period. In 1955, the first year Salk polio vaccine became available, there were 8,290 cases in the first 40 weeks.

Domestic demand for Salk vaccine has begun to drop, the service reported. Shipments to U.S. communities by manufacturers during the week ended Oct. 9, fell to 712,185 doses, the first time the weekly total had dropped below a million since last April.

There were 320 cases of all types of polio listed by the reporting states, which compared with 319 in the corresponding 1958 week. But in the 1958 week there were only 158 paralytic cases as compared to the 229 this year.

From Jan. 1 through Oct. 9 there had been 6,738 polio cases reported, compared with 4,348 in the similar 1958 span.

10 U.S. Rockets Due To Be Fired in Week

WASHINGTON (AP) — The United States plans to fire a salvo of 10 research rockets—some as high as 1,000 miles—during one week in November.

The 10 launchings will be the U.S. contribution to International Rocket Week, Nov. 16 to 22. The research rockets will include four from Wallops Island, Va., one possibly to light the whole Eastern Seaboard with a sodium fire.

There will be three from Fort Churchill, on Hudson Bay in Canada; two from Eglin Air Force Base, Fla.; and one from White Sands, N.M.

UNICEF 'Begger's Night' Planned by 11 City Churches

Children of 11 city churches will participate in a UNICEF "Trick or Treat for the World's Children" activity here October 29.

Young Roundtowners will take to the streets in costume for their annual "Begger's Night", with the proceeds going to the United Nations Children's Fund.

About 1286 was collected last year by local youngsters for the UNICEF program. The children give up their own pennies, collected on "Begger's Night", for children overseas.

Churches participating in the program are Trinity Lutheran, Calvary EUB, First EUB, First Baptist, Church of the Nazarene,

St. Philip's Episcopal, First Methodist, St. Joseph's Catholic, Gospel Center and Church of the Brethren.

Heading up the program this year is Fred Cupp. Each church will give the children of its church school arm bands with which to identify the UNICEF collectors and milk cartons in which to put the pennies. The milk cartons are being furnished by Med-O-Pure Dairy.

After collections are made—between 6:30 and 7:30 p. m. October 29—the churches will have refreshments and prizes for youngsters with the best costumes.

CHS-Greenfield Bandsmen Entertain Football Crowd

The Circleville and Greenfield McClain High School Marching Bands provided halftime entertainment for a capacity crowd at the local football field last night.

The CHS unit came up with something different in the way of "Mass Doodles". The crowd was challenged to guess the title of the little live drawings made

with the fewest possible lines.

The Greenfield Band based its theme on "Junior's Musical Career", starting from the infant stage to the modern jazz age. Both units joined as one to play the Star Spangled Banner prior to the football game.

Truman Eberly's CHS Band was led on the field by Drum Major Judy Routzahn and her stepping corps of majorettes. A sharp beat was furnished by the locals' thundering drum section.

THE bandsmen move about the field forming various "art form" doodles, including a "snake going upstairs," "Manhattan skyline in 1492" and several other eye-catching formations.

The show last night was a warm-up for a coming band week. The local musicians will participate in the Pumpkin Show starting Wednesday, then put on a delightful Homecoming performance at Friday's Circleville - Paint Valley grid game.

Teachers' Workshop Friday

The Pickaway County Teachers' Workshop will be held Friday in the Jackson Twp. School.

The all-day session will start at 9 a. m. with a welcome extended by William Wolfe, Jackson supervising principal, and George D. McDowell, County superintendent of schools.

After introductions of new teaching personnel, a business session will be conducted by Mrs. Jean Mills, County Teachers' Assn. president, Miss Dehl Renick, vice president, and Donald Rose, secretary-treasurer.

Robert Drury, Ohio Education Assn., will speak on "Teaching and Administering Within the Law".

V. B. MOFFETT, comptroller, Division of School Finance, State Department of Education, will follow with his topic, "New Legislation".

R. E. Miner, assistant director of research, Ohio Education Assn., will speak on "Major Amendments and Benefits in Retirement Law".

Workshop sessions will be held in the afternoon, following the noon luncheon. Robert Seward, county general supervisor of schools, will be in charge.

The teacher groups will be divided into the following groups: grades one through three; grades 4, 5 and 6; grades seven and eight; high school, and principals.

Members of the workshop planning committee are: Mrs. Kathleen Cooper, Walnut School; Mrs. Helen Stivers, Washington School; Richard Snider, Scioto School; Glenn Chester, Williamsport School; Mrs. Jean Mills, Pickaway School;

Robert Sanders, Saltcreek School; Miss Patti Lupfer, Jackson School; James Brown, Jackson School; Judson Lanman, Westfall School District; Carl Burger, Logan Elm School District; Earl Grogg, Teays Valley School District, and McDowell.

Edstrom Now Circleville Dodge Dealer

Wes Edstrom Motors, 150 E. Main St., today became Circleville's dealer for Dodge, Chrysler and Dodge Trucks.

Edstrom said that he will give up the Plymouth dealership he has maintained here for the last 10 years in order that he can handle the Dodge Dart, a new line of low-priced cars.

The official announcement from Chrysler Corp. came yesterday. Edstrom said he will continue to service all Chrysler Corp. automobiles. The Dodge Truck dealership is new for Edstrom.

The Auto agency has on display today a Dodge Dart, four-door hardtop, and a Chrysler Saratoga, four-door sedan.

Edstrom has been an auto dealer in Circleville for 10 years, operating out of the J. H. Stout Building, 150 E. Main St.

Death Opens Perry Twp. Clerk Post

Perry Twp. lost its only candidate for township trustee clerk upon the death of Kenneth Rae Osterle Saturday in White Cross Hospital, Columbus.

Five Perry Twp. residents now have the choice of whether to name another candidate in his place or throw the election open for a write-in ballot.

Oesterle, 58, had been Perry Twp.'s trustee clerk for a number of years. He operated Ken's Store, New Holland, for 21 years before retiring recently.

According to state law, if a person dies 10 days prior to a general election, his nominating committee has the right to name another candidate in the deceased's place.

THE NOMINATING committee in question is R. V. Hamman, Route 2, New Holland; Carl Binns, Route 1, New Holland; Dayton Mouser, Route 1, New Holland; Willard Lininger, New Holland, and Richard Kirkpatrick, New Holland.

These five persons signed Osterle's nominating petition and now have until October 29 in which to nominate another candidate.

The Pickaway County Board of Elections yesterday wrote these five men informing them of their privilege and asked them to notify the board whether they plan to lift the vacancy or not.

An election official today stated that it was "pure luck" the printer, employed by the board to print the ballots for the coming general election, had not started on the township election ballots.

If the committee of five nominates a candidate, he will automatically assume office since write-ins are not allowed in a general election unless there is no candidate or candidates for that office.

Greenfield McClain Raps Tigers, 33-14

By PAUL SMALLWOOD
Herald Staff Writer

Circleville's grid Tigers fought to the limit here last night, but could not hold back a powerful Greenfield McClain juggernaut which rolled in the second half to force a 33-14 decision.

Both teams rocked each other in the first half with single touchdowns. Greenfield's wealth of size, speed and depth began to tell in the third and fourth quarters as the invaders found the range for four TDs.

The first half presented a thrill a minute as both teams slugged from the heels to gain an advantage. The second half settled down to punch and crunch football, with the visitors breaking the barrier for three touchdowns in the final quarter.

The rugged and smooth-performing McClain outfit drew first blood

early in the second quarter on an 82-yard drive and ran for two extra points. Circleville stormed back with a spirited 85-yard march to narrow the count. The Tigers were stopped on their try for extra points.

THE INVADERS consumed almost all the third quarter in driving 77 yards for their second touchdown of the night. McClain hit for two more quick touchdowns in the fourth quarter, but Circleville bounced right back with a 67-yard pass play to stay in range with a 26-14 deficit.

The highly-touted visitors dimmed local hopes late in the fourth quarter with a 45-yard touchdown pass. The Tigers fashioned one more drive, but the effort was halted on Greenfield's 34-yard line by the clock.

Coach Paul Orr's husky gridders moved into first place in the South Central Ohio League on the strength of their third straight loop win and fifth victory in five starts.

A near capacity crowd witnessed the solid exhibition of football. Both teams played it close and both occasionally gambled in an effort to make a break. In the end it was power and depth which made the difference.

Coach Orr, proud of his own veteran outfit, also praised the Tigers for their ability to hit hard and strike quick. He said it was the hardest tackling encountered by his team this year.

Fans agreed with CHS Coach Carl Benhase that the Tigers fought the heavier opponents with all the determination they had, commenting that the enemy was a formidable foe in every respect.

FINE performances were turned in by Circleville's forward wall and in the backfield, especially the running of Larry Hannahs and Archie Ward.

Greenfield, spearheaded by line-men like Roger Grooms, Gary Grim and Mike Beatty, worked with perfection. Slick ball-handler

Mrs. Klumpp Wins Stay of Execution

CINCINNATI (AP) — Mrs. Edythe Klumpp has won an indefinite stay of execution from the First District Court of Appeals, pending her appeal from a death sentence.

Judge Frank M. Gusweiler had sentenced the blond former home economics teacher to die in the electric chair Dec. 15, but a stay was granted Friday so the appellate court could act on her appeal.

A Criminal Court jury last July convicted the 41-year-old divorcee of first-degree murder in the death of Mrs. Louis Bergen, estranged wife of Mrs. Klumpp's lover. The jury did not recommend mercy.

Dick Craft, Fullback Gene George and Halfback Pete Coleman were dangerous every minute.

George was a thorn in the side all evening as he scored two touchdowns and added considerable yardage running from Greenfield's deceptive belly series. Craft, a wizard at hiding the ball, scored once and proved to be an excellent field general.

The opponents racked up four first downs the first four times they carried the ball in the first quarter, with George doing most of the damage.

McClain moved to Circleville's 11-yard line on its opening march, but the drive was halted when corner man Dave Hicks intercepted Craft's pass.

Hannahs, playing left halfback in place of injured Gary Vandemark, ripped for 16 yards on Circleville's first play from scrimmage to signal some hectic action to come.

NEITHER team could score in the first period. With George picking up most of the yardage, McClain tallied with about seven minutes remaining in the second quarter. George went in from one yard out and Coleman added two points

Industry Studies Steel Union Offer

NEW YORK (AP) — Steel industry leaders meet today to weigh a compromise union offer to end the 95-day steel strike.

They were to gather in a Waldorf Astoria Hotel suite to consider a scaled-down union proposal reported to call for about 21 cents an hour in wage-benefit gains over a two-year period.

Secretary of Labor James P. Mitchell said in Washington he was optimistic that a settlement could be reached to avoid a Taft-Hartley injunction.

Such a court order, unwanted by either the industry or the Steelworkers Union, likely will be sought by the government next week barring a weekend peace pact.

Route 2 Man Loses Hand in Corn Picker

Royal B. Greene, 74, Route 2, suffered the loss of his right hand as a result of a corn picker accident at 1:30 p. m. yesterday.

Green's hand was removed at his wrist during an operation performed last night in Berger Hospital. He suffered shock but was reported in fair condition today by members of his family.

According to his daughter-in-law, Mrs. Robert Greene, who resides with Greene, he was operating a corn picker by himself.

Corn fodder piled up in back of the picker causing a chain to snap. Greene attempted to free the fodder while the picker was running.

HIS GLOVED hand caught in the picker and within seconds his hand became ensnared in the picker's corn husker mechanism, slicing the hand clean through except for a narrow layer of skin. Mrs. Greene rushed her father-in-law to Berger Hospital.

Air Force Rockets Used as Kid's Toys

ALPENA, Mich. (AP) — Police went on the jump upon discovering that children were using Air Force rockets for toys.

The officers rounded up 11 of the 3½-foot rockets Friday and put them safely in a vault until the Air Force could have a look. Where did the rockets come from?

Parents of some of the children said the youngsters told them they got them from fishermen who netted them in Lake Huron.

Wurtsmith Air Base at Oscoda, not far from here, has a jet practice firing range over the lake. The base is investigating.

on a line smash. The determined Tigers were quick to retaliate as they started an offensive from their own 15 with about three minutes left in the half.

Hannahs ignited the spark with a 12-yard scamper and Ward kept it going with 20 more on the next play. Freshman Garold Dade added five more and Ward blitzed around the big enemy flank for an additional 18 to put CHS on the McClain 27.

Pressed for time, the Tigers started running plays without going into a huddle. Hannahs, Dade and Ward collaborated to move the pigskin to the enemy one-yard line and Hannahs took it over with five seconds remaining. Hannahs' run for extra points was stopped and Greenfield retained an 8-6 lead as the half ended.

The Tigers failed to move after taking Greenfield's third quarter kickoff. Playing possession football, the visitors started on their own 23 and hit paydirt 17 plays later when Craft went in from one yard out. Bill Harewood's dropkick for extra point was no good, but McClain went out in front, 14-6.

World Leaders Pay Tribute To Marshall

America's Wartime Chief of Staff Dies In Hospital at 78

WASHINGTON (AP) — World leaders paid tribute today to Gen. George C. Marshall, who guided America's armed might in World War II and created the postwar Marshall Plan to safeguard free nations against communism.

Marshall's death Friday at Walter Reed Army Hospital brought expressions of sorrow and loss from all over the country and many capitals of Europe. The general had suffered a stroke last Jan. 15 at his winter home in Pinehurst, N.C., and was brought to Walter Reed March 11.

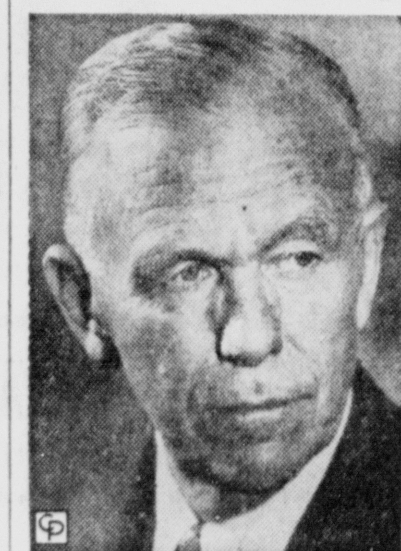

Perhaps no man of his time had been called great by so many of his countrymen as George Catlett Marshall.

Three presidents — Roosevelt, Truman and Eisenhower—almost revered his awesome abilities as a soldier, statesman and diplomat. He led the gigantic war machine of the United States as Army chief of staff throughout World War II. Then in the evening of his life he was recalled to duty as secretary of state and again, during the Korean War, as secretary of defense.

For his formulation of the Marshall Plan, which bolstered free nations of the West with massive economic aid from America, Marshall was awarded the Nobel Peace Prize in 1953.

President Eisenhower called Marshall's death "a cause for profound grief throughout the United States." He ordered the flag to be flown at half staff from all public buildings and military installations until after Marshall's funeral Tuesday afternoon.

Typically, Marshall had decreed that his funeral be a simple one. It will be held at Ft. Myer Chapel,

GEN. GEORGE C. MARSHALL

on the edge of the Arlington National Cemetery in Virginia. Interment in the cemetery, resting place of soldiers both illustrious and humble, will be private.

Eisenhower's statement said in part: "For his unwavering devotion to the safeguarding of the security and freedom of our nation, for his wise counsel and action and driving determination in times of grave danger, we are lastingly in his debt."

It was Marshall who recognized the ability of a very junior brigadier general named Dwight Eisenhower to a key post and later sent him on up the ladder to become supreme Allied commander for the European invasion.

Until the day Eisenhower became president, Marshall, in his clipped, correct and almost cold manner, addressed him only as "Eisenhower."

Other tributes to Marshall poured in from statesmen and from his few surviving colleagues of highest rank in World War II. "He was one of the greatest Americans our country has ever produced," said Gen. Omar Bradley.

Fleet Adm. Chester W. Nimitz said "He was the architect of the great armies that stemmed the advance of the Germans in Europe and raised the troops that helped us win the war in the Pacific. His postwar services as secretary of defense and secretary of state marked him as a most unusual and able man, capable of carrying on in almost any capacity for his country's good."

Jackson Twp. Couple Faces Child Neglect Accusation

PATHTIC PRODUCTS OF NEGLECT — Pictured above are the four children of a Jackson Twp. couple who were taken to appear in Municipal Court today on charges of child neglect. The photo was taken in the Chillicothe Police Station after they were picked up in an automobile driven by their intoxicated father and a male companion at 3 a. m. today. The child on the left, not more than a year and a half old, seemed to be in a state of malnutrition and wearing clothes caked with dirt as were the other children. The children were placed in foster homes today.

A Jackson Twp. couple was to be charged with neglect of minor children today in Circleville Municipal Court by either Pickaway County Juvenile Officer Ralph Starkey or County Deputy Sheriff Robert Hoover.

The couple is accused of neglecting their four minor children ranging in ages from one to six years in what Chillicothe Police and Pickaway juvenile officials today termed the worst case of neglect they have ever seen.

The children, ages one, three, four and six, were found at 3 a. m. today in an automobile driven by their father. He had been halted by Chillicothe Police for making an illegal left hand turn.

Two of the children were asleep on the floorboard of the car, lying in vomit, beer and urine. The one-year-old child was lying in a car seat and the fourth child was lying on the back seat of the auto.

THE FOUR CHILDREN, all boys, were thoroughly chilled since all the windows of the car were down and the temperature registered 47 degrees.

The children, the father and a male companion, who were both intoxicated, were taken to the Chillicothe Police Station where the Pickaway County Sheriff was notified.

While waiting to be picked up by Deputy Hoover and Officer Starkey, the children were fed by Chillicothe Police. They consumed a quart of milk, two donuts each, one bologna sandwich each and "ate as if starved," according to Hoover.

Captain Houser and Patrolman Oates, Chillicothe Police, made the arrest and were responsible for feeding the children. Chillicothe Juvenile Officer, Dory Morris, also investigated and stated he was horrified at the condition of the children.

The story of how they reached Chillicothe from their Route 2, Ashville, home was related by Hoover, who obtained the information from Chillicothe Police.

The father and the male companion had obtained the services of a 29-year-old woman babysitter for the four children and were returning to her home in Chillicothe to pick up her clothes. They left here at 10 p. m.

UPON ARRIVAL in Chillicothe, the trio entered a tavern and became intoxicated. In fact, the woman was so inebriated the two men left her and started to return here, when apprehended, police said.

Upon later investigation police found that the Ross County Welfare Board had picked up the prospective babysitter's child Thursday and placed it in a receiving hospital because it had been neglected.

The four children were returned here at 6:30 a. m. today and again by City Police, Sergeant Rob-

ert Temple, Patrolman William Goff and Patrolman Richard Blaney.

The baby was bathed for what appeared to be the first time in several days by County Welfare Board executive secretary, Mrs. M. A. Yates and given a change of clothing. It appeared in a state of malnutrition.

All four children were filthy and their clothing was caked with dirt. The baby's diaper was soaked.

The four children were placed in foster homes by Mrs. Yates this morning.

THE CASE CLIMAXES more than a month's investigation by Starkey. He first became acquainted with the circumstances when a 17-year-old feeble-minded girl ran away from home.

Starkey discovered the girl in the home of the arrested couple acting as a babysitter. She had been encouraged to run away from home and babysit, according to Starkey.

Starkey made several trips to the home and found living conditions deplorable. On one trip Starkey found the baby lying in its crib with flies covering its entire face.

Another trip found the baby lying in its crib on a mattress so soaked that it was dripping from one corner.

Both parents worked, the father during the day and mother as a South Bloomfield tavern cook, in the evening.

Starkey said their average weekly income was \$100 and they were paying rent of \$10 per month. The three-room house was covered with dust and dirt, without water and heated by a coal stove.

THE 17-YEAR-OLD girl, after a week in both Pickaway and Fairfield County Jails was committed to the Columbus Juvenile Diagnostic Center for observation.

Sheriff's officials had been holding a warrant for the father for failure to support his children since January 19.

LOS ANGELES (AP)—A prediction of high winds caused concern today as a massive, four-day-old fire continued to flourish on dust-dry brush in the hills north of Los Angeles.

The toll was one man dead, 13 injured, 8,200 acres burned. And there was no prospect of immediate control.

WASHINGTON (AP)—President Eisenhower says the nation's 700,000 newspaper boys and girls "strengthen traditions: the freedom of the American press, and the opportunities of American citizenship."

COLUMBUS, Ohio (AP) — The Ohio Department of Agriculture predicts heavy runs on the hog market next week.

CLEVELAND (AP) — Rep. Charles A. Vanik (D-Ohio) today asked the Department of Defense to consolidate production of all light tracked military vehicles here, and to center the production of medium tracked vehicles at Lima, Ohio.

Heavy Drag Felt Especially In Auto Plants

Business Horizon Dark As Layoffs Continue To Mount Higher

NEW YORK (AP) — The steel strike put a heavy drag on the nation's economy this week.

While President Eisenhower's fact-finding board pressed industry and union to reach a voluntary agreement, layoffs mounted and the inevitability of severe steel shortages darkened the business horizon.

Steel, the weekly trade magazine, warned: "There is nothing—not even an immediate settlement—that can prevent the situation from deteriorating before it improves. Within two weeks, even the largest and best protected users will feel the strike's impact."

It will take at least 30 days after strike settlement to get production back to anywhere near normal. And the government told the steel industry that immediate top priority must be given defense items when production resumes.

Approximately 250,000 workers in steel-dependent industries were idle in addition to the 500,000 striking steelworkers.

General Motors, one of the big three automakers yet to be hit by the steel shortage, stepped up layoffs this week, bringing the total to more than 60,000. GM may have to quit building cars by Nov. 1.

Steel inventory surveys indicated any production crisis for the auto industry as a whole is a month off.

Automotive News said U.S. auto production reached a five-month high of 135,172 cars this week but predicted this probably would be the last big production week until steel supplies again become available.

Effects of the three-month strike spread to appliance producers, truck makers and farm equipment producers.

Stock sales for the latest week totaled 11,543,106 shares compared with 11,862,845 the preceding week and 24,402,570 the same 1958 week. Bond sales in the latest week had a par value of \$25,323,000 compared with \$27,520,000 in the previous week and \$33,025,000 in the same week last year.

These other developments added to the picture:

Railroad freight loadings for the week ended Oct. 10 dropped 127,741 cars, or 18.6 per cent, from the corresponding 1958 week, to 558,780. Loss of loadings due to the strike is estimated at two million cars.

October business of heavy construction contractors—with seasonal factors adding weight to the pressures of tight money and the strike—is running 17 per cent under last year.

The Federal Reserve Board said that in spite of the strike industrial production slipped little in September but a greater impact is being felt this month.

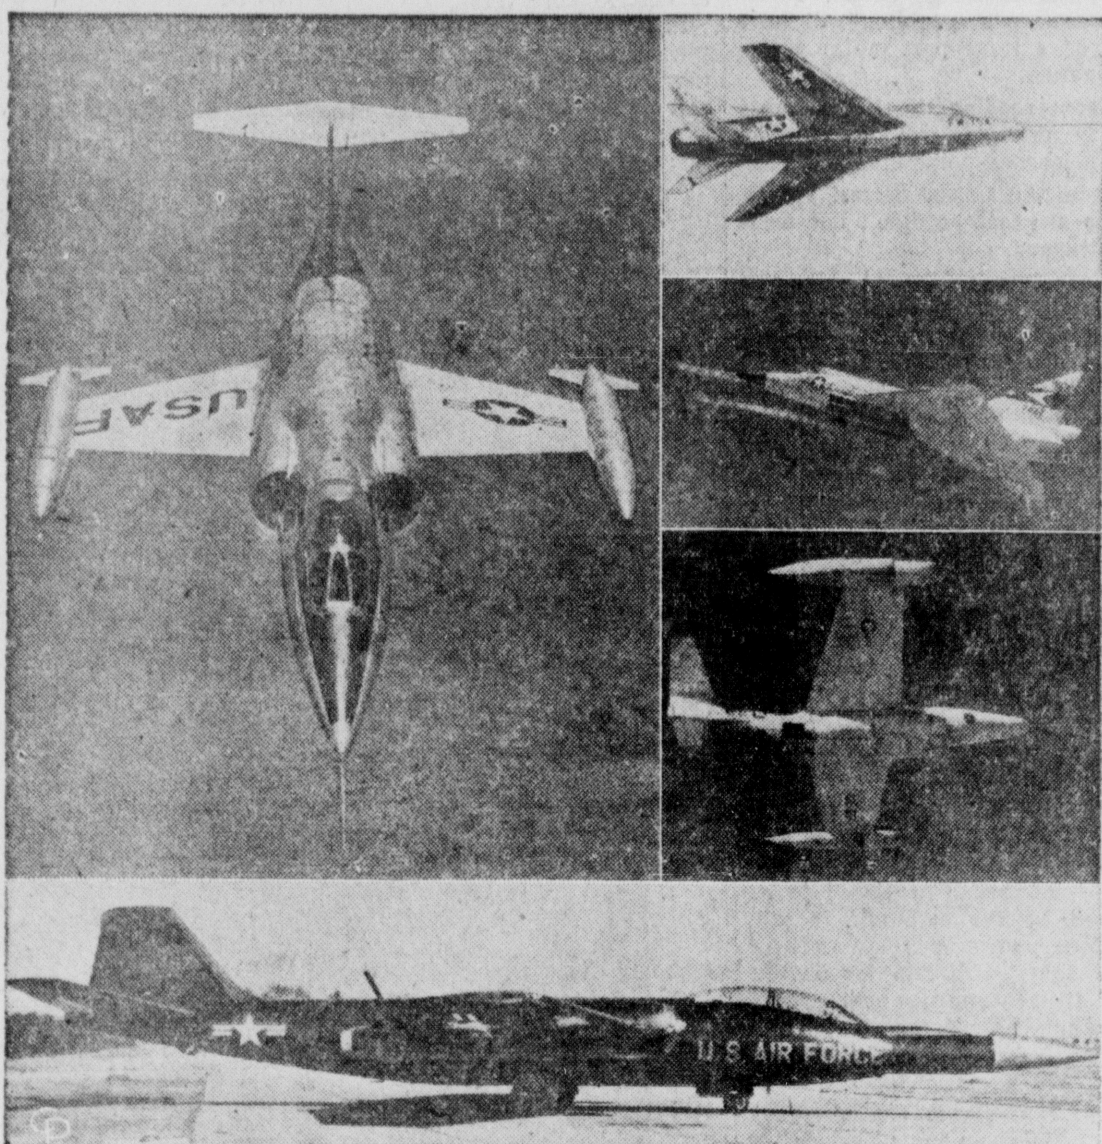

Tight money was a factor in causing housing starts to drop 6 per cent in September—above the usual seasonal decline—the Commerce Department reported this week.

Unemployment figures released this week indicated that Secretary of Labor James P. Mitchell may have to eat his hat on the capital steps—a pledge he made if October idle exceeded three millions. Unemployment fell by 196,000 to 3,230,000 in September but effects of the steel strike are expected to keep the total above three million this month.

Looking at the World's News through the Camera's Eye

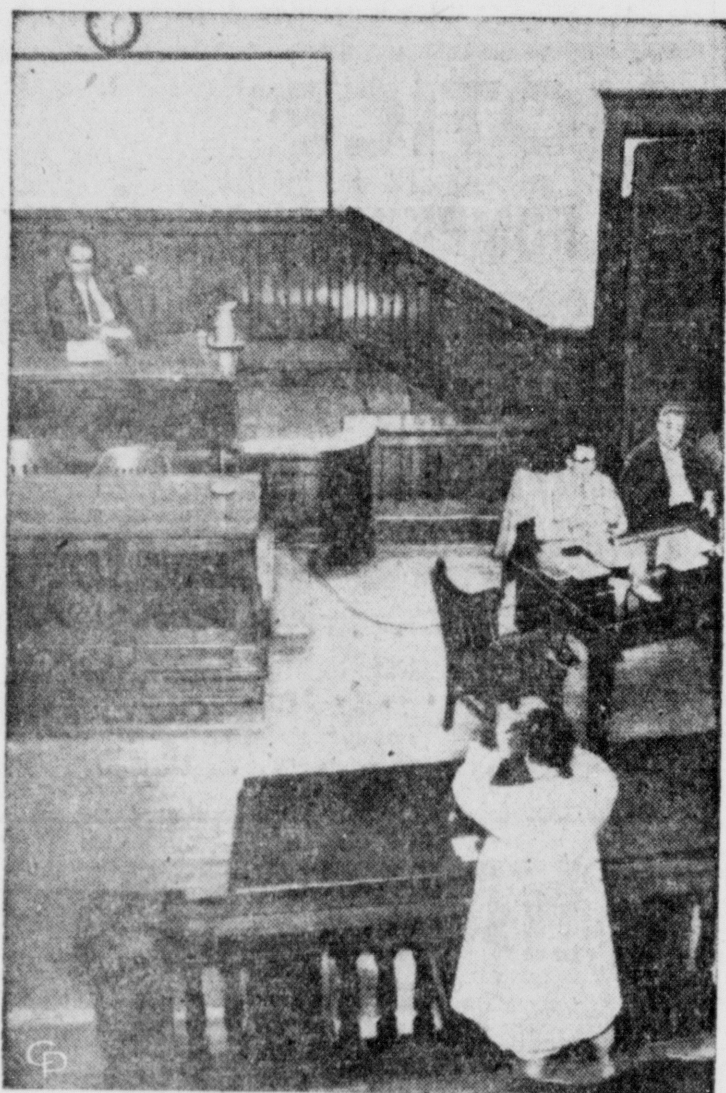

WEAPONS MEET STEEDS—Star performer at the seventh annual U. S. Air Force World-wide weapon meet, Oct. 14-23 at Tyndall Air Force Base, Panama City, Fla., is expected to be the F-104 Starfighter (upper left), making its competitive debut. It holds 10 world records, among them a speed of 1,404 mph and an altitude of 91,249 feet. The 12 jet pilot teams from U. S. bases over the world will make mock attacks on B-57 bombers (lower). Among jet planes in the meet will be the F-100 Supersabre (upper right), F-102 Delta Dagger (middle) and F-89 Scorpion.

'TANKED'—This big hole was ripped in a suburban Dayton, O., home when a jet trainer fuel tank plummeted 2,500 feet into it. Wright-Patterson Air Force Base Police Chief Mickey McClellan looks over the damage. Inset shows Mrs. John D. Lanning, aghast at her good and bad fortune. "If I hadn't missed the bus," she said, "I would have been in there." The plane developed engine trouble and the pilot jettisoned one tank on the flight field. He was circling for another pass to jettison the other tank, and it broke loose.

MOON CAR NEEDS NO TURNPIKES—The pock-marked surface of the moon (top) gives birth to an idea for a moon car, shown in a drawing (right) as it might look as it rides and "jumps" over the rough lunar terrain. The plans for the vehicle are put forth by Hermann Oberth in his book, "The Moon Car," published by Harper & Brothers. Prof. Oberth, who counts among his pupils Wernher von Braun, U. S. missile expert, explains the urgent need for a radical car as Soviet and American spacemen rapidly approach the day when man will land on the moon. His moon car is solar powered in the oxygenless atmosphere and can cross craters "grasshopper" style. At left is a cross-section of the car showing its utility platform (1), with railing (2) and crane (3) for transporting materials. Platform could be removed. (Central Press)

LASHES MAYOR, POLICE CHIEF 9 1/2 HOURS—Filibustering in Aurora, Ill., city council chambers, Mrs. Irene Davis, 200-pound housewife, ignores Mayor Paul Egan's motions for order. She held up council proceedings with a 9 1/2-hour talkathon, during which she charged the mayor and Police Chief Donald F. Curran with playing footsie with Aurora gamblers. As she ended her filibuster, Mrs. Davis declared, "I had lots more to say."

PALACE GUARD SAFE BEHIND BARS—A Buckingham palace guard stands watch in London, safe behind the iron fence surrounding Queen Elizabeth's residence. This new sentry arrangement was decided upon to protect the guards from cap-pulling, shutter-clicking, talkative tourists.

'LUNIK'—Rome designer Angelo Litrico calls this camel hair coat the "Lunik." It has brown epaulets trimmed with "rockets." The three-button closing is supposed to suggest the Soviet moon rocket's tail fins.

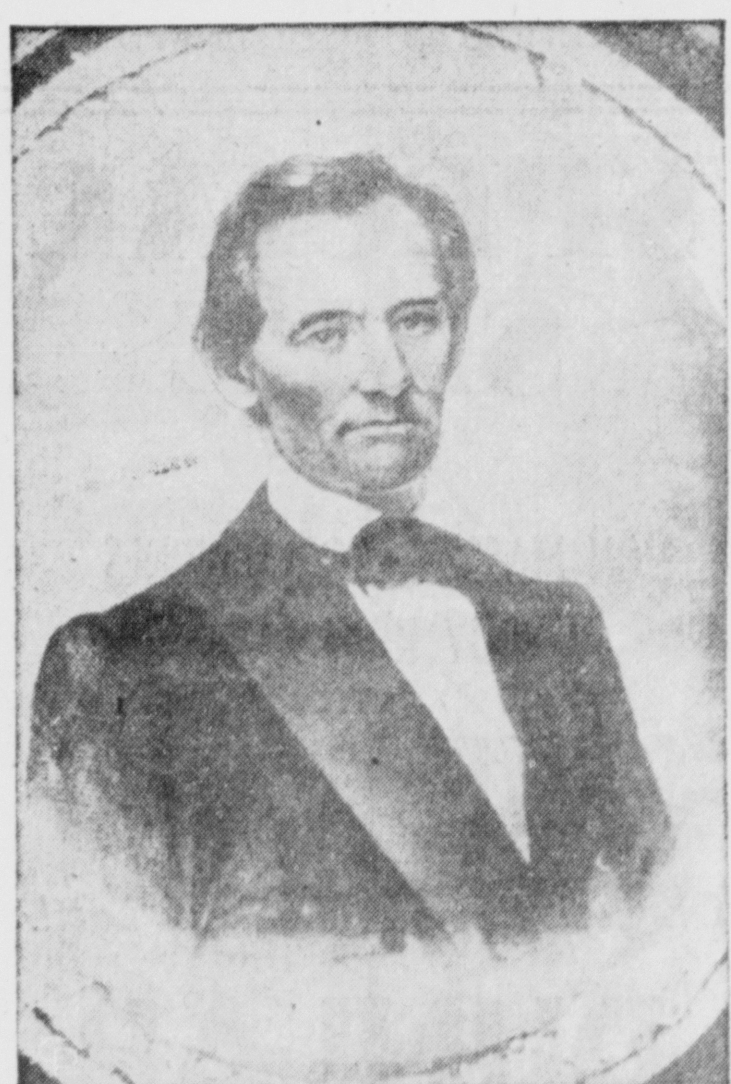

ONE OF THE LAST PHOTOS OF ERROL FLYNN—This picture of Errol Flynn and his 17-year-old protege, Beverly Aadland, was taken at a party in Hollywood last month. Flynn, Hollywood's "bad boy," died in a doctor's office in Vancouver, B. C. He was in Vancouver to dispose of his yacht, Zaca.

SEES AGAIN — "They're so beautiful," declares Mrs. Duane Vincent in Seattle, Wash., on getting her first real sight of flowers. The 45-year-old housewife, blind nearly all her life, had just received corneas from eyes of Bob Jenness, 12, who died of a motor scooter accident.

WED LIKE IN ANCIENT GREECE—Judd Boynton places a ring on the finger of his bride, the former Roberta McIntyre Davis, in the Temple of the Winds in Berkeley, Calif., in a torchlit midnight ceremony recalling ancient Greece. Instead of a clergyman, the wedding was solemnized by a modern jazz quartet plus three conga drums. The two torch bearers are best man and maid of honor. But just to make it legal, they had a civil ceremony before this.

1860 PORTRAIT OF LINCOLN FOUND—A newly-discovered Cooper Union portrait of Abraham Lincoln is on display in an exhibition of Civil war photographs by Matthew B. Brady in San Francisco. This portrait, made Feb. 27, 1860, was discovered recently by William J. Kaland and Roy Meredith of the Westinghouse Broadcasting company during a search for Civil war material for a TV series. The photo was one of the two made by Brady following Lincoln's Cooper Union speech. The late President said, "Brady and the Cooper Union speech made me President."

GRASS NOW GROWS ON FLIGHT DECK—Clumps of grass are growing on the once-busy flight deck of the U. S. Carrier Manila Bay, which gained World War II fame for its glorious record against Japanese kamikazes. The Manila Bay soon will be towed from Boston to Japan, where it will be broken up for scrap.

AMERICAN ORDAINED IN MALAYA—An American physiotherapist from the Saginaw, Mich., Veterans hospital, Dallas Louis Steding (center), 32, clasps his hands as he is ordained as a Buddhist novice monk in Penang, Malaya. Helping him with his robe is Rev. Hui Cheng, his spiritual godfather and chief priest of the Penang Buddhist association. At the right is Venerable Abbot Sumangalo, the group's religious adviser. Steding will return to his work in Saginaw, but will continue his Buddhist connections.

Ghost Towns on Rebound

Virginia City, Bannack, Georgetown, Calico, Stedman and Randsburg are but a few of the names of habitats which once outshone cities 20 times their size, in the days when the adventuresome spirit was much more imaginative and bold than is possible under modern civilization's inhibitions.

Glittering like diamonds on velvet, these gold and silver boom towns attracted the industrious, the parasites and professional itinerants from every direction. It was not uncommon for luckless miners, pursuing the series of gold strikes of the last half of the nineteenth century, to renew acquaintances of others they never met except along panning streams.

As it became more and more difficult and expensive to continue following the veins deeper into the earth, some of the mines closed for lack of profitable operations. Others encountered uncontrollable obstacles such as underground streams, and still others never found the mother lode from which the discovered traces came. But in few cases did the miners actually exhaust the gold deposits.

Mining costs, which have multiplied many times since the '49ers armed themselves with pick, shovel and gold pan and set themselves up in business, and government-fixed price of gold at \$35 an ounce, seem to have doomed most gold deposits still remaining to oblivion.

Few of the mines which survived the closedown during World War II are in op-

eration today, mainly because of the unprofitable prices of gold and silver. As a natural result of the closing of the main—and often only—industry in many western communities—the landscape is dotted with ghost towns.

Those who lamented the passing of the colorful pioneering towns should see some of them today. Many are host to a greater number of visitors than were ever entertained in their heyday. Developers and theatrical companies have found them a fascinating subject to mid-twentieth century dwellers, with the result that the once unwanted remains of a unique existence are now bringing high prices as potential tourist attractions and authentic movie sites.

Many ghost towns have rebounded from the dust of desertion with remarkable spirit and have managed to rebuild a permanent population as well as provide a refuge for the curious. If the interesting personalities who once traveled their streets could see them now, they would regard it as fitting that the treasure is returning to the hills and desert from which it came.

Keep Idle Hands Busy

U. S. Senate subcommittee on juvenile delinquency, about to resume its hearings in New York, may wish to note the pertinent fact that arrests of youngsters have dropped there since the reopening of schools.

An obvious conclusion is that most youngsters in New York and elsewhere do not get into so much trouble when they are busy. That could lead to reexamination of well-intentioned child labor laws aimed at preventing exploitations that run contrary to American standards of human values.

Federal wage and hour laws now ban

the employment in interstate commerce of minors under 16 in stipulated industries. Moreover, they must be 18 before they can take so-called "hazardous" jobs.

Many state laws parallel the federal regulations. In New Jersey, for example, it wasn't until 1956 that youths were permitted to operate electric typewriters. This was judged to be a dangerous job.

The Senate subcommittee has expressed a desire to get the federal government into the fight against juvenile crime. Perhaps it could recommend ways of providing job opportunities, compatible with their years, for youngsters when they are not in school.

Truly Great Are Chosen

It does happen that some persons become temporarily important. Politicians, actors, singers, murderers, gangsters—all sorts of persons achieve the state of appearing to be important for a few years. Then, of course, they, like the rest of us, subside in the dust of oblivion which is, indeed, irksome.

The immediate problem is whether to have or not to have a modern, fancy self-operated elevator and the agitation becomes frenzied. Some important ones are fearful that an unattended elevator will be an invitation for criminals to hop them over their heads and steal their jewels. Of course, the criminals can do the same if the elevator is attended, because nowadays with full employment and nobody hungry, the ablest men go where the money flows more freely. Running an elevator in an apartment house is not the most inviting job, particularly if the tenants are slow to tip.

In fact, tipping is a big issue in such matters. It is a fundamental, sanctified custom from which one departs at his peril. In the old days, it used to be said that an untipped waiter put his thumb in the soup when the customer came again, but nowadays, we do not eat much soup, except out of cans at home to save the labor of a wife.

But a clever waiter can always get even, like spilling a sauce on a customer's suit or giving him a table near the kitchen door, or refusing him a table altogether.

Everybody expects a tip and those who, even around Christmas time, forget the customs of civilization, will know it. So, competent, polite, attentive, energetic, valise-carrying elevator men prefer to go where the reputation is that the tips are generous and often. Those who complain loudest about the service they get are usually the least tippers, if at all.

Now I am not absolutely positive that an automatic elevator is best for children, certainly not for children reared by progressive parents who spare the child and ruin its manners. Such children will go up and down and play in an elevator as though it were a toy and there would be no one about to spank them.

Unless a child is spanked, he never believes that what he is doing is wrong, children not knowing right from wrong until they are told and the right is enforced by drastic means.

The wickedest of improperly reared children can be a menace in such an elevator, but a good, strong spanking can save such a child from delinquency.

However, as old-age pensions and other welfare provisions become increasingly devastating in our world, more and more jobs will become unfillable. It is like trained cooks who are disappearing altogether from the domestic market, or those who are willing to take such jobs stipulate conditions which make it easier for the housewife to provide her own indigestion. Therefore, we might as well take our automatic elevators in good grace as something about as inevitable as the electric light and the sewing machine.

Our standard of living rises, but it is not being sustained by what used to be called, "help." The "help" want their standards of life to rise, too, and they object to doing the menial jobs upon which a society of ease must rest. Besides, they have become very expensive.

And so, willy-nilly we shall

Mrs. FDR Fete Helps Cancer Drive

WASHINGTON (AP) — Eleanor Roosevelt said she didn't want to pay any attention to her 75th birthday, but another cause — a cancer research institute — has shunted aside her wishes.

She celebrated Thursday night with more than 700 people at a dinner to raise funds for an Eleanor Roosevelt Institute for Cancer Research.

And she consented to appear on a nationwide television "Salute to Mrs. FDR" later this month for the same cause.

Her 75th birthday was last Sunday. She said she wanted it to pass quietly and she would have a bang-up 80th birthday.

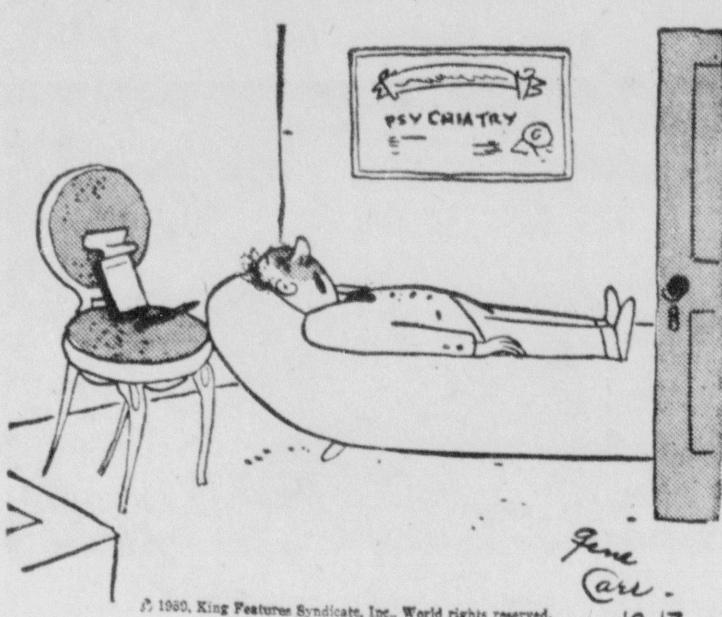

But then there was the 1½-million-dollar center that is to be built at the American Medical Center in Denver. The research center would be devoted to study of the disease in all stages.

Mrs. Roosevelt, after listening for more than an hour at the dinner to tributes to her world-wide humanitarianism, declared: "I don't do anything." She said she helped simply by "bringing people together and then they do things."

While she sat quietly on the dias, the Washington fund raisers were boosting their pledges for the center over \$201,000.

Here Are First Aid Rules

By Herman N. Bundesen, M.D.

I don't expect all of you to be first-aid experts. It would be wonderful if you were, but I know this can't be expected.

However, those of you who are parents should at least know what you can do to help an injured or ill child until the doctor arrives.

I've given you countless first-aid suggestions in the past. I doubt that you remember much of what I told you.

So now I would like to list a few really practical suggestions that any of you can follow. I suggest you clip them and past them in your medicine cabinet where they will be readily available.

In any emergency, call your doctor immediately. Then, while you are waiting for his arrival, follow these instructions:

Convulsions—Place the child on a bed. Turn his head to one side. Insert a roll of gauze between his teeth.

If he has a fever, sponge his body with alcohol or cool water.

Fractures or Head Injuries — Simply keep the child quiet.

Foreign Bodies—In the Throat: Turn the child upside down. Slap his back if he is choking.

In the Eye: Bathe the eye with a mixture of one teaspoonful of baking soda in a glass of warm water.

If the eye is injured with a pointed object, cover the eye with a clean cloth.

In the Nose or Ear: Do not attempt to remove the object.

Small Cuts—Wash with soap and water and cover with clean gauze. If it is bleeding, cover with a clean cloth or a bandage.

Insect Bites — Apply cold compresses and then calamine lotion. For tick bites apply vaseline or oil.

For animal or human bites, check with your doctor before doing anything.

Minor Burns—Check with your doctor before applying any ointment.

Serious Burns—Wrap the child in a clean sheet. Take him to the nearest hospital.

Poisoning—Take the child to the nearest hospital immediately if he has swallowed kerosene or lye.

For any other type of poisoning, make the child vomit by placing your finger down his throat. Give him plenty of milk.

Be sure to save a sample of the poison to show to your doctor.

There are additional first-aid procedures you can follow in each case. But, for simplicity and efficiency, I think this list fills the bill.

Question and Answer

Mrs. M. G.: What is a fistula and should it be removed?

What could happen if it is not removed?

Answer: A fistula is an abnormal draining infected tract. If you are referring to a rectal fistula, this is usually due to infection and should be cleaned up by a relatively minor operation.

The Soviet Union's Communists will make conservative capitalists of themselves yet if they don't watch out.

And if the Soviet Marxists turn into old-fashioned Tories, Nikita Khrushchev's gambling will have played a large part in the transformation.

From reading the Soviet press lately, one gets the idea Khrushchev learned something from his tour of the United States. Indications are that he didn't like what he learned.

Since his return to his own stamping ground, the No. 1 Soviet Communist has been nagging, badgering, prodding and cajoling his Communists to get on with the job of accomplishing the improbable: Catching up with the over-all U.S. economy.

Strange items appear in the Soviet newspapers, where nothing is printed by accident. A likely conclusion is that the items are part of a deliberate drive to put pressure on the Soviet bureaucracy—to build a fire under it.

Moscow dispatches tell of a letter to a Communist newspaper from a worker who said he was fed up with Sputniks and airliners and anxious for the regime to come down to earth and produce shoes.

The newspaper professed to be puffed by the outburst. It said the letter writer's fellow workers were angry with him for it. But then it went on to quote some of them as saying they also wanted better clothing, furniture, shoes and television sets.

This example is one of many such popping up since Khrushchev returned from America. He, himself, added steam to the campaign. In Vladivostok, he cheerfully chided the bureaucrats for rushing goods to the stores in time for his visit. He demanded a more sensible approach to problems of supplying the consumer public.

For some time, a key phrase in Khrushchev's program has been "material self-interest." Its obvious appeal to the acquisitive spirit sounds odd for a regime professing to be "building communism."

Last week Soviets for the first time began buying consumer goods on the installment plan, something they learned from Americans. Now the papers tell them to learn more from Americans—how to produce more goods per man, how to raise food output.

Possibly such things as material self-interest and installment buying are intended to be temporary, as stimulants to labor productivity. But in the background is an unmistakable note of impatience.

Khrushchev has seen a number of non-Communist countries, and he has just seen the United States. He would be unlikely to confess it publicly, but there is a good chance he was annoyed by the obvious superiority of the American consumer economy.

The Soviet Premier seems will-

ing to take on added risks in an attempt to get his own consumer economy show on the road. Behind his activity is a persistent public pressure for more consumer goods, by now fairly obvious to outside observers.

In spreading a doctrine of material self-interest, Khrushchev takes a chance of making the Soviet consumer more and more property-conscious. For the sake of

world peace, this should be all to the good.

The better off the Soviet public is, the less it will be inclined to risk its gains for the glory of a misty doctrine. Historically it has been demonstrated that well-fed, well-clothed, property-owning people tend to be conservative, from a desire to keep what they have acquired.

NEW CAPITOL CAST—Plaster casts of War and Peace statues, which will stand on the central portico of the new east front of the Capitol, are taking shape in a shed on the Capitol grounds in Washington. Sculptor George Gianetti of Washington is working on the casts. The statue of War in the center is being replaced.

Women Are Going Wild Over Square Hair

By VIVIAN BROWN
AP Newsfeatures Beauty Editor
"Women want wild hairdos," says hairdresser Nancy Mace of New York, "and that's one reason I had to create the new square-look."

Wild hairdos obviously make a woman feel more glamorous, on the sexy fashion of Italian girls with whom the hairdo originated, she says. But now they can be wild-coiffed in a ladylike sort of way. Says Nancy:

"The idea behind the square look is tamed wildness. The hairdo is flat at the ears, combed high in the manner of the old pompadour, but cut on simple lines into a wave wing. Variations could include pulling down a lock of hair from this controlled hair if a more care-free hairstyle is desired."

One important impression given by the square look is height. Miss Mace explains, and this helps slenderize and ovalize the face. The hair can show a slight indentation of part and fall away high from either side of it. Or the hair can fall over the forehead in bangs that originate well back on the head with a pompadour-type sweep rising behind it. This short hair is blunt-cut and loosely waved without curl.

This fall it's going to be the hair line that counts says Nancy Mace, whose Les Girls salon caters to the cream of the working girl set. Nancy can tell which way the wind is blowing fashion-wise and when the breeze will change its course just by talking to her customers.

"A hairdresser doesn't really set the styles. She gives the customers what they want but she puts their coiffure desires in a hair pattern that flatters their features and is becoming to the current dress modes of the moment."

Carl Burger To Speak At PTO Meeting

Dear Abby...

By Abigail VanBuren

Boy Bites Girl's Ear; Why?

DEAR ABBY: What does it mean when a boy bites the tip of your ear?

BERNICE
DEAR BERNICE: It means he is either teething or would like to know you better.

DEAR ABBY: I am going with a swell kid. He looks kind of hoody but he isn't that way at all. He used to be wild, but he's changed. He was thrown out of school because he kicked a teacher in the cafeteria. I talked to his mother yesterday and she said they were going to let him come back to school Monday and put him on probation. Abby, my parents won't let me see him. They think he's no good. When he calls me on the phone they tell him not to call any more and they won't let me talk to him. How can I convince my parents that he's a good kid? They won't even give him a chance to prove himself.

TRUE LOVE
DEAR TRUE: Your parents are judging this boy on his past performance. He has a lot of "proving" to do before he is regarded as a "good kid." Until he establishes a record of consistent good behavior (and fast) don't blame your parents for keeping you apart.

DEAR ABBY: Now that the people have stopped talking about the unwed mothers, I would like

to say a word about the unwed fathers.

If the parents of these unwed mothers would present the babies to the parents of the unwed fathers to raise, I am sure there would be a sharp decline in the number of illegitimate children.

MOTHER OF GIRLS

DEAR ABBY: Why is it assumed by city folks that we people who live on farms can take on the responsibility of an unlimited number of discarded pets?

In the 14 years that we've lived on a farm, we've had over 300 dogs and cats (usually approaching motherhood) deliberately dropped off on our property.

We have kept some, given some to friends, nursed back to health

those that were ailing—but there is a limit.

Some people have even abandoned sick animals who were so far gone that we have had to carry them to the vet's to have them mercifully put out of their misery. We have had it! How can we put a stop to this endless chain of cast-offs?

FARMERS WIFE

DEAR WIFE: You can't. City folks will always "deliberately drop off" unwanted pets on the property of farmers because they know that people like you will live on farms. They shouldn't do it—but they will.

Worship Every Week ---

Brotherhood Sunday Slated At Trinity Lutheran Church

Duplicate worship services will be held in Trinity Lutheran Church this twenty first Sunday after Trinity at 8:30 and 10:45 a. m. This Sunday had been designated as Brotherhood Sunday in the American Lutheran Church. The sermon by Pastor Carl G. Zehner will be in the series of questions Jesus asked: This Sunday the subject will be "Why Call Me Lord and Do Not Obey?" based on Luke 6:46.

The Adult Choir will present special music at the early service under the direction of Mr. Fred Hebler. Music will be led at the late service by the Youth Choir, under the direction of Mr. Clifford Kerns.

Mrs. Karl Herrmann will preside at the organ at both services. Sunday School for all ages will be held at 9:30 a. m.

The Nursery will be open in the parish house during the 10:45 a. m. service with Mrs. Maynard Slack in charge.

Presbyterian

"What Is Your Spiritual Spend- ing Power?" This question forms the theme for the 10:30 a. m. worship Sunday morning at the Presbyterian Church.

The day is designated as World Order Sunday which falls annually at this time in October each year. The Rev. Donald Mitchell will read the Scripture from the Book of Jeremiah, chapter 8 which carries the familiar song of hope: "There is a balm in Gilead to make the wounded whole. There is a balm in Gilead to heal the sin-sick soul." The matchless balm of the Christian message is entrusted to us to spend for the healing of the nations.

During the worship, elder George McDowell will speak briefly concerning the Benevolence work of the Church.

The Choir will sing the anthem "Sought the Lord" by Stevenson. James Carr will sing the solo part in the number. Mrs. Clark Will will direct. At the organ, Mrs. Theodore L. Huston will play the Beethoven "Suite Breve Religieuse," and two Bach numbers — "Largo" and "Gloria Be to God." Congregational singing will include the hymns: "Come Christians Join to Sing," "Faith of Our Fathers" and "The Church's One Foundation".

First EUB

United Crusade Day will be observed Sunday morning in the First Evangelical United Brethren Church. The service begins at 9:30 a. m. The Rev. Byron Welch, student in Otterbein College, Westerville, will be guest speaker.

The Fiddis Chorus, directed by Miss Lucille Kirkwood, will sing, "Jacob's Ladder," Mrs. Vernal Thomas, organist, will play the following numbers: prelude, "Meditation" (Andre); offertory, "Passing Thoughts" (Williams); and postlude, "A Mighty Fortress" (Wilson). Hymns to be sung by the congregation include, "He is so Precious to Me," "Bring Them In," and "Send the Light."

Edwin Richardson will assist the pastor in the worship service. Mrs. Helen Rowland will be received into church membership. Sunday School in the children's department will convene in the Service Center at 9:30 a. m. with Mrs. Robert Dumm in charge.

Church School in the youth and adult departments will meet following the worship service. The Boy's and Girl's Fellowship will meet in the Service Center at 10:35 a. m. with Miss Virginia Wise in charge. Nursery care is provided during both the worship service and Sunday School with Mrs. Billy Lockard in charge.

Calvary E.U.B.

Worship Service will be held in the Calvary EUB Church at 9 a. m. Sunday. The children of the primary and junior departments will meet in the sanctuary for this service. The Rev. G. H. Niswender will present a story-sermon preceding the morning sermon the topic of which is "Lost-and Found" based on the scripture Luke 15:11-32.

The congregational singing will be led by the youth choir. The hymns will be: "There's a Wilderness in God's Mercy," "Thou My Everlasting Portion" and "Out of My Bondage". Miss Mary Ann Saunders will be at the organ.

Earl Millrons, Sunday School Superintendent, will assist the pastor in the service. Classes for the youth and adults will be held at 10 a. m.

The children will meet for worship at 10 a. m. under the direction of Mrs. W. C. Shasteen, children's director.

Youth Fellowship groups will meet at 6 p. m. for the Y-Hour in the annex.

Church of Christ

The sermon topic for the 10:30 a. m. worship service at the Church of Christ will be "Patience In Suffering".

Suffering has a way of wringing a definite response from all men. Some respond with anger and resentment. It may be that the suffering is a consequence of unjust treatment at the hands of an oppressor. In such an instance, the reaction is often one of retaliation and revenge. The Christian's reaction to suffering is determined by the degree of his faith in God. A strong, active faith will enable him to be patient in suffering. James challenges the Christian to see trials and hardships, offenses and injustices, as avenues to a more meaningful faith and to a richer maturity in Christ. This patience in suffering is required in spiritual service to God. Bring a friend with you to worship this Lord's Day.

St. Philips

St. Luke's Day will be observed Sunday at St. Philip's Church with celebrations of the Holy Communion at 8 a. m. and 10 a. m. The Rev. William G. Huber will celebrate at both services and preach at the 10 a. m. Holy Communion.

The choir, under the direction of Miss Lois Wittich, will sing a setting of "O Lamb of God, Pure and Holy" by Healy Willan. The Willan Communion Service will also be sung at the late service by the choir. Hymns to be sung will include: "Immortal, Invisible, God Only Wise", "Immortal Love, forever Full" and "Rise Up, O Men of God." Mrs. Betty Goodman will be organist for the 10 a. m. service.

Mother Seton Still Is Far From Catholic Sainthood

By TOM HENSHAW
AP Religion Writer

Mother Elizabeth Ann Seton, who took another step toward canonization last week, is still a long way from becoming one of the many thousand saints on the Roman Catholic calendar.

The announcement by Pope John XXIII that the American-born nun has "passed the 'antepreparatory' stage" means she is somewhere in the middle of the canonization process, with the highest hurdles ahead.

The Catholic Church doesn't take sainthood lightly.

Mother Seton, who could become the first native American

saint, died in 1821, but canonization proceedings did not get under way on the lowest official level (the Baltimore diocese) until 86 years had passed.

Four years later, the documents painstakingly collected and examined in Baltimore were forwarded to Rome to a "postulator," a sort of clerical attorney who would plead her case before the Congregation of Rites.

Further examination by a commission in Rome, delayed by World War I, lasted another 29 years. It was not until 1940 that her cause was formally introduced and she was being considered for beatification.

Catholic spokesmen in the Unit-

ed States are not sure exactly how far along the road toward beatification — the last step before canonization — Mother Seton has passed.

Apparently these three points have met approval: She has a reputation for sanctity; she has not been venerated publicly; and her writings, even personal letters, express the saintly ideals.

She can be pronounced beatified — and bear the title "blessed" — only after the church has satisfied itself that two miracles can be attributed to her intercession.

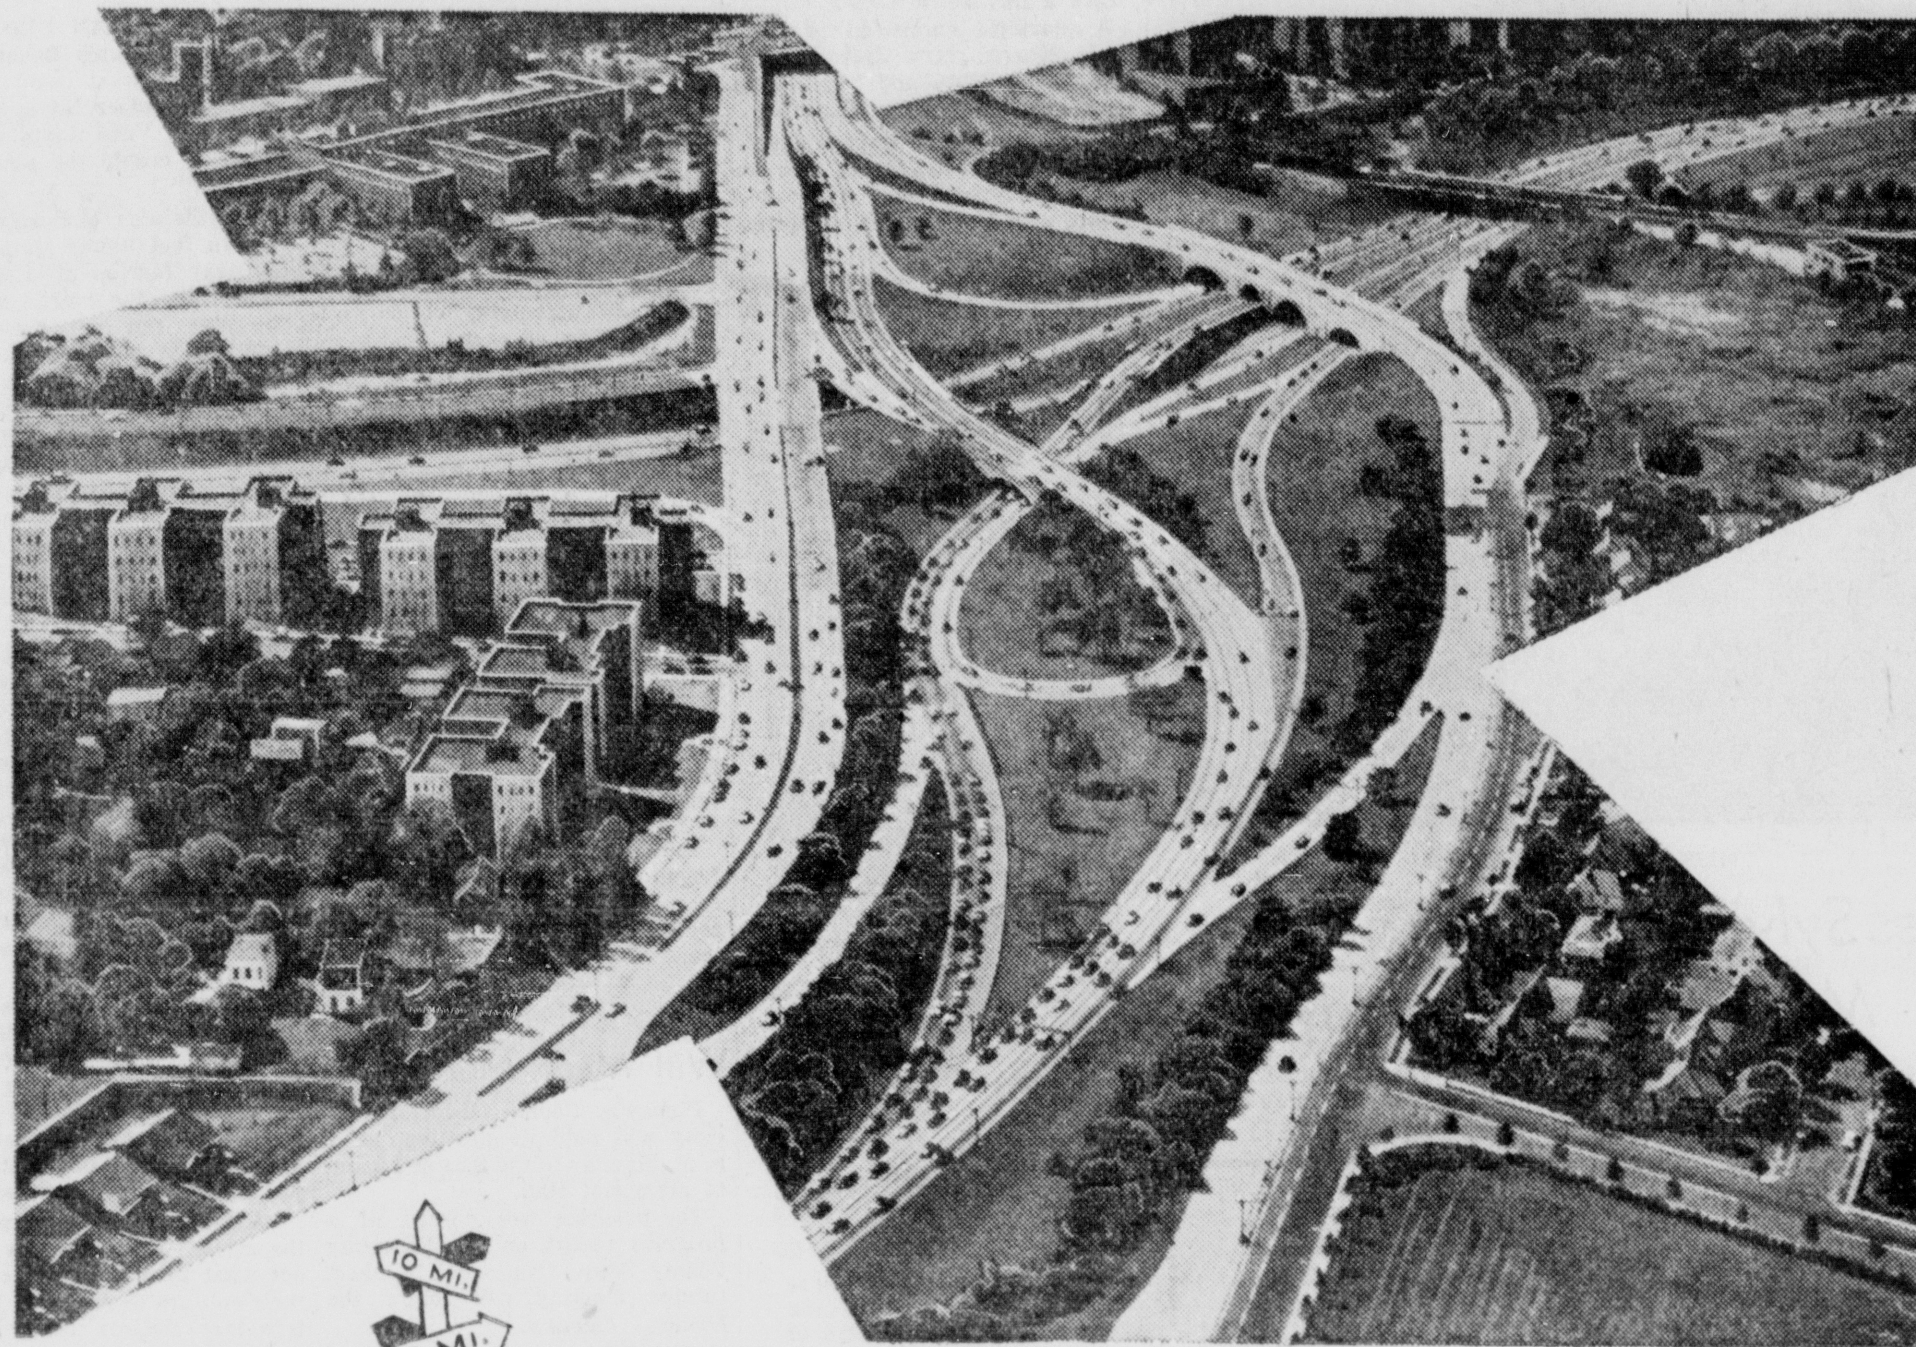

Church spokesmen say it is unlikely that beatification can be considered and approved until 1960 or even much later.

Canonization, the final step to sainthood, is achieved only after the church proves to itself that her intercession has brought about two more miracles since her beatification.

This final step can take years or even decades.

Thus, the church's investigations of sainthood have come a long way since the informalities of the 13th century, when St. Peter of Castelnau could be canonized less than two months after his death.

The elevation to sainthood of Pope Pius X in 1954 required an examination period of 30 years, a mere drop in the bucket of time as the canonization process goes.

CROSSROADS

Here's what happens when four super-highways meet—a far cry from that simple "plus mark" we used to call an intersection!

Life is becoming more complex, isn't it? No longer is it simply a matter of finding the right road. Today you can't even get on the right road until you find the right *approach*. And you had better be mighty sure of the direction you want to go, or you'll find yourself speeding away from your destination on a turnpike that permits no U-turn.

As life has become more complex, the value of a deep abiding religious conviction has become more evident. Against a background of confusion and uncertainty the confident assurance of Christian faith is sharply silhouetted.

And the millions who have turned to the Church for truth and guidance have made a thrilling discovery. The Way of Christ is still just as clear, direct, and inspiring as it was to those who heard it first by the Galilean road.

Tigers . . .

(Continued From Page One)
Greenfield's next score came when George smashed off tackle and rambled 24 yards. Dick Harvey's run for points was halted and the score read 20-6 in favor of McClain.

GREENFIELD'S next tally was set up when Quarterback Larry Maynard intercepted a CHS pass on his own 49. Seven plays later Harvey crossed the double stripe from two yards out to run the count to 26-6. Harewood's dropkick try was smothered.

Still full of fight, the Tigers swarmed back on the ensuing kickoff. With the ball on the CHS 32-yard stripe, Smith faded back and hit Hannahs with a perfect screen pass.

Hannahs moved outside through a host of defenders, picked up several downfield blockers and rambled 67 yards. Ward threw a key block at the enemy 30 to clear the way.

The Tigers added two more points when Smith faded far to his right and tossed a strike to End Rich Warner.

Greenfield's final score came on a neat pass play from Craft to End Tom Pat Brown. The crafty Craft faked to two of his backs, then uncorked a long aerial to Brown who was behind the Tiger secondary. The play covered 45 yards.

Harewood, a novel dropkicker, sent the pigskin through the uprights and Greenfield was in possession of a hard-earned 33-14 margin which stood at the game's end.

COACH Benhase said the Tigers were to be commended for their valiant effort against the overpowering visitors. He said Tiger linemen and backs alike gave their all, even when Greenfield held a wide 26-6 advantage.

He cited the defensive work of Ends Bailey and Warner, Guards Harold Arledge and Hicks, Tackles Huifer and Leonhardt and Center Linden (Hoot) Gibson.

Hannahs displayed some of his best running of the season, and Ward did his usual good job on sweeps and on defense. Also coming in for praise was the passing of Smith and the running of Freshman Dade who picked up some vital yardage for the Tigers.

Benhase gave all due credit to the rugged Greenfield team, pointing out that the visitors fashioned their own breaks and made few mistakes.

Circleville definitely missed the speed of Vandemark, sidelined with a knee injury suffered in the Hillsboro game. Greenfield was without the offensive services of Left Half Don Hyer, out with a leg injury.

Circleville came through the test with only minor bumps and bruises, again an indication of their good physical stamina. Greenfield suffered several knocks, including a leg injury to Right Half Pete Coleman.

McCLAIN meets Franklin Heights next week in an SCO tilt, then hosts strong Washington C. H. in what could be a vital league game.

The Tigers will devote their attention to Friday's Homecoming game with Paint Valley.

Ashville Is Drubbed By Jefferson, 34-0

By JAMES I. SMITH
Herald Staff Writer

A determined but inexperienced Ashville eleven was no match for a rugged and swift West Jefferson gridiron team last night as the Broncos dropped their fifth straight contest, 34-0, on WJ's field.

What the Broncos lacked in football knowledge it more than made up in desire and determination against a heavier and faster Roughrider aggregation, its third Darby Valley opponent in a row.

The game no more than got underway when speedy Wendell Lilly

STATISTICS	A	WJ
First downs rushing	6	1
First downs passing	1	8
First downs penalties	0	0
Total first downs	7	10
Net yards rushing	121	367
Net yards passing	85	49
Total offense	190	416
Passes attempted	19	7
Passes completed	4	1
Passes intercepted by	1	6
Penalties	45 (5)	80 (8)
Fumbles	3	2
Fumbles lost	3	2
Punts	111 (3)	323 (10)

returned an Ashville punt 90 yards for the initial touchdown, behind superior downfield blocking.

After this first heart-breaking blow, the Broncos settled down and made a good accounting for themselves. Ashville showed some of its opening Berne Union game fire and considerable improvement over its last three contests, in which it was held to one TD.

ALTHOUGH not registering a touchdown, a few breaks in the first half could have spelled a difference in the ball game. Once the Broncos had first down and three yards for a touchdown, only to be stopped cold by a stubborn WJ line.

A second quarter touchdown pass, covering 43 yards from Jim McNeal to Phil Reese, was nullified due to a clipping penalty and there went Ashville's last real opportunity to score.

The Jefferson squad fielded four-year letterman halfback, Les Braithwaite, who didn't quite live up to expectations as the Bronco line stiffened to stop the damaging off-tackle slants, long favorites of All-Darby-Valley Braithwaite.

The game's surprise was the running and quarterbacking of Lilly, who led both teams in rushing with 160 yards in 10 carries for a 16-yard per try average. He tallied one touchdown and was instrumental in scoring several more.

Blockbuster Dick Mast put a crimp into Ashville's line with his driving up-the-middle running for 58 yards and 12 points. Dick Higgins also was a thorn in Ashville's side with his second half running for 34 yards and eight points.

The Broncos used 7-3-1 and 6-1-3-1 defenses to successfully halt the off-tackle slants, but its flanks were still exposed too often and Braithwaite made good use of the open space.

KEN CUMMINS came to life last night on defense to grab 12 tackles and seven assists to lead all Bronco defenders. He also picked off a WJ lateral in the fourth quarter and tore up field for 20 yards before he was smeared.

Other stunch Bronco defensive play was displayed by safety-man Bill Cromley, with seven tackles, and tackle Jim McCord's seven tackles and three assists.

Jim Brown had seven tackles and seven assists while freshman center Joe Snowden, end and halfback, Reese, and halfback, Jim McNeal, contributed a fair share of tackles.

Offensively, Jim McNeal led Ashville ground gainers with 61 yards in 12 carries. Freshman Dan Hollenback chipped in with 26 yards, followed by Bill Cromley, 18, and Dick Noggle, 14 yards.

Roese had 59 yards on the end of two passes, one thrown by Mc-

Neal and the other by Larry Hicks. Dale Fout snared one for 10 yards. All-DV League tackle, Tom Sheerin, was the top defensive player for West Jefferson as he was on top of the majority of the tackles.

HE WAS ABLY backed by Jack Trees, Jim Parsons, Jim Myers, Mast and Lilly. As in past weeks, Ashville was in defensive alignment throughout most of the first three quarters before getting its offensive attack in gear in his final period.

After the initial score by Lilly, WJ capitalized on a bad pass from center on a fourth down punting situation and caught Jim Brown on Ashville's 20-yard line.

Three successive plunges by Mast tallied the TD. Highlight of the opening stanza for the Broncos was a nifty 42-yard pass from McNeal to Reese. McNeal was almost caught passing and Braithwaite deflected the ball into Roese's itching fingers.

Ashville drove to WJ's one-yard line before giving up the ball on downs and the quarter ended on a Lilly to Jim Parsons pass, good for 49 yards. Score: WJ, 14; Ashville, 0.

WJ scored immediately after the start of the second period on brilliant runs by Lilly and the final four-yard run into pay dirt by Braithwaite.

The Broncos unveiled a new formation last night—the short punt—with one man back and five men out as eligible receivers. The formation wasn't too successful because WJ's charging line moved in on the passer too quickly for accuracy.

THE HALFTIME score read, West Jefferson, 20; Ashville, 9, as both teams exchanged punts and several damaging penalties. WJ's pitchout to Braithwaite was working to perfection.

All hopes of a second half comeback were soon squelched when Ashville kicked off and WJ proceeded to move for its fourth touchdown behind the running of Braithwaite, Lilly and Mast.

End sweeps and excellent blocking moved the ball downfield. Mast carried the final eight yards for the TD and Higgins ran the extra point.

WJ's Don Campbell recovered an Ashville fumble on the next series of downs. Ashville retaliated by intercepting a Lilly pass but a fumbled Ashville punt attempt gave WJ the ball in scoring position.

Higgins broke loose for 18 yards for the final WJ touchdown, slanting off tackle. The remainder of the contest was marred by pass interceptions, fumbles and penalties. The third stanza ended: W. Jefferson, 34; Ashville, 0.

In all, WJ intercepted six Ashville passes, mostly in the final quarter when Jim Franks entered the game at tailback and started throwing desperation passes as the clock ticked along.

ASHVILLE attempted 19 passes, but a stellar WJ pass defense held the Broncos to four completions. Jefferson, mainly a running team, tried seven passes and connected on one.

Throughout, Ashville attempted

long passes, not content with the short gainers. The Broncos, battling WJ starters throughout the tilt, sparked in the final minutes with hard charging line play, time after time smashing through to throw WJ backs for losses.

But whenever it got the ball, the long pass for the quick score was the only alternative and the odds were against success.

Of the three Darby Valley League teams it has played, West Jefferson is the weakest of the lot, although it leads the league with a 3-0 record.

The Broncos, now 0-5 on the season and 0-3 in league play, have a chance to creep into the win column next week, when it travels to Jamestown to meet DV league opponent, Greenville.

ASHVILLE

Celtics Hope To Keep Pro Cage Crown

BOSTON (AP) — The Boston Celtics, boasting more strength at forward and better shooting from Bill Russell, open defense of their National Basketball Assn. championship today against the revamped Cincinnati Royals.

The earliest tap-off in the 14-year history of the NBA will be televised nationally from the Boston arena (5 p.m., EDT) with the local area blacked out.

Russell, the 6-foot-10 center whose defensive and rebounding skills will be challenged by the most notable rookie in the circuit — Philadelphia's Wilt Chamberlain, demonstrated improved scoring ability as the Celts posted a 13-1 preseason exhibition record.

Big Bill, who used to hit from no farther away than 10 feet, has developed accuracy from the corners.

"I think Gene Conley will be better, due to a year of experience," says Celtics Coach Red Auerbach. "And the Jones boys, Sam and K.C., are better ball players."

"We were weak in the corners most of last season. Now I think rookies John Richter and Gene Gaurilla, and even Conley, will strengthen us there. Guys like Bob Cousy and Bill Sharman are as good as they ever were."

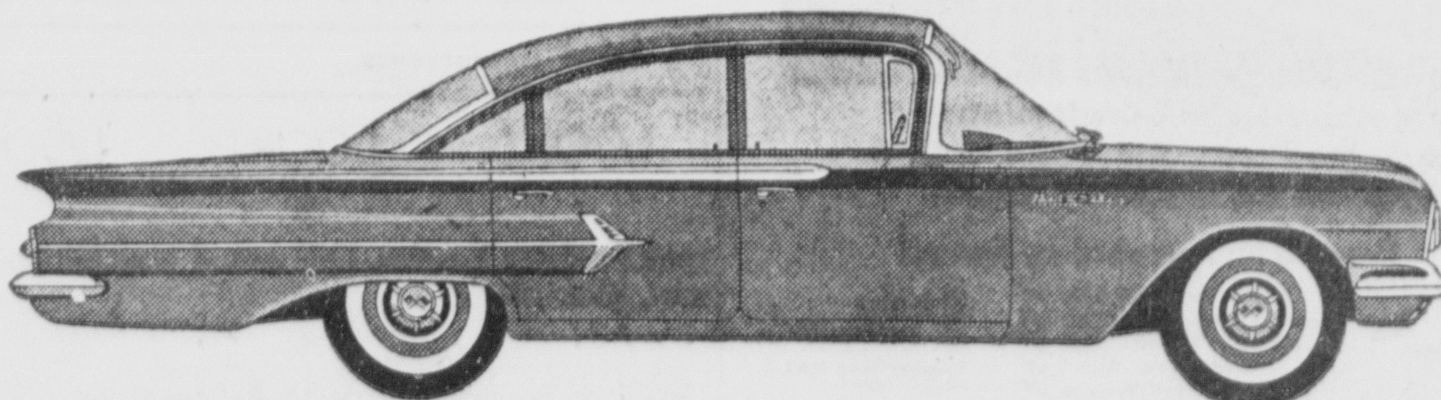

Today's game will be followed by a televised meeting between Detroit and Minneapolis Sunday. Next Saturday all teams will be in action.

Pro Football Bedeviled by Family Spat

CHICAGO (AP) — Family arguments are disrupting the serenity of the National Football League and from the confusion of contradictory and acid-spiked statements from club officials one fact stood out clearly: The league definitely is planning expansion.

The rumpus, following closely on the heels of the death of Commissioner Bert Bell, was touched off by a positive statement by Edwin J. Anderson, president-general manager of the Detroit Lions, that the league is making every effort to add four teams—

"But all the mechanics and the cities are yet to be decided," Anderson added. He listed Buffalo, Boston, Miami, Louisville, Dallas and Houston as in the running for franchises, with Boston, Dallas and Houston as the strongest possibilities.

George Halas, owner-coach of the NFL Expansion Committee took a moderate view of Anderson's pronouncement.

"We will have something definite to say about the league expanding next week," Halas said Friday. "Anderson's statement is premature. We can't say anything yet."

George Preston Marshall, owner of the Washington Redskins, wasn't so tolerant, however.

"I note that Mr. Anderson's name has been mentioned in connection with the commissionership," the fiery Redskins boss said vehemently, "but I think he is a little premature in making statements about the league in general. He should wait until he is elected."

Elida Gridder Dies Of Game Injuries

LIMA, Ohio (AP)—Roger Craft, 15, a junior at Elida High School Allen County, was dead on arrival at St. Rita's Hospital Friday night after suffering injuries in a football game.

Craft was right guard on the team Friday night as they played Pandora - Gilboa High School at Pandora. He lived at Rt. 2, Elida.

Coach Art Shriver said the youth was injured in a defensive play and was semi-conscious. Cause of death had not been determined pending an autopsy.

Elida won the contest 8-0.

All Star Pro Grid Tilt Due Jan. 17

LOS ANGELES (AP) — The 10th annual all-star pro bowl football game will be played in Memorial Coliseum Sunday, Jan. 17, Managing Director Paul J. Schisler announced today.

The game pits teams of picked players from the Eastern and Western divisions of the National Football League.

The contest attracted 72,250 fans last year when the Eastern squad won its first game in three years, 28-21. The series stands 5-4 in favor of the West.

McClain Takes First in SCO

The South Central Ohio League football standings after last night indicate that a race still is in the making.

Greenfield won its third straight SCO test by downing Circleville, 33-14. Washington C. H. took its second without a defeat by plastering Pleasant View, 68-0.

Wilmington grabbed its first league victory in three starts by edging Franklin Heights, 14-12. No score was available on Hillsboro's game with New Boston.

An important league test looms October 30 when Washington C. H. goes to Greenfield. Circleville meets WCH here November 13.

CIRCLEVILLE will center its attention on Paint Valley which comes here Friday for a Homecoming Contest. Paint Valley downed Picketon last night, 20-14. Here are the standings:

	W	L
Greenfield	3	0
Washington C. H.	2	0
Circleville	2	1
Wilmington	1	2
Franklin Heights	1	1
Hillsboro	0	2

Florida Hurricanes Swamp Navy Crew

By THE ASSOCIATED PRESS
The University of Miami Hurricanes are on the way back to the top ranks in college football.

Victorious in only two of 10 games in 1958, the Hurricanes made it 3 out of 4 for 1959 by walloping Navy 23-8 before 51,694 in the Orange Bowl Friday night. It was the third straight setback for Navy, the first time that has happened to the Middles since 1951.

Uah whipped Denver 26-12 in Friday night's other major game.

St. Vincent (Pa.) beat Wayneburg 6-0; Ohio Univ. took Youngstown 44 - 12 and Springfield drubbed Brandeis 43-12.

City Attorneys Fight for Redlegs

CINCINNATI (AP)—City attorneys Monday will tell Common Pleas Court why they want an injunction that halted a baseball parking program thrown out.

Judge Simon Leis set the hearing Friday on the city motion.

City officials, backed by Hamilton County, agreed to spend two million dollars for auto parking around Crosley Field, home of the Cincinnati Reds, if the team agreed to stay here five years.

Superior Laundry & Towel Supply Co. won an injunction Wednesday, contending the agreement was illegal.

The laundry plant is near the ball park.

Desert Town

Overlooks Top Secret Base

BORON, Calif. (AP)—The people of this Mojave Desert town can look out their windows and watch the testing of some of America's top-secret new missiles.

Three miles away are the launching pits for Minutemen, the solid-fuel intercontinental ballistic missile designed for launching even under nuclear bombardment.

Hanging from a nearby cliff on a 700-foot outcropping known as Rocket Ridge are huge concrete emplacements used for test firing the operational Atlas ICBM.

Soon to be built on this ridge is a monstrous structure of concrete and steel in which clusters of four 1 1/2 - million - pound - thrust engines can be set off. These clusters compare with the Atlas' 260,000 pounds. They will power some of America's future space probes.

Rocket Ridge is the heart of an Air Force facility taking up a fifth of the Edwards Air Force Base 300,000 acres. The dusty mining town of Boron lies just beyond the boundaries of Edwards.

A close look at the Minuteman site shows the concrete-lined silos are covered with metal lids which run back and forth on tracks. Under combat conditions these lids, which now serve mainly to keep sand and rain out of the pits, would be replaced by bombproof slabs.

Fanning out from the silos are cleared strips of ground where the spent shell of the missile can fall without damaging ground support equipment.

U.S. Polio Case Total Still Shows Decline

WASHINGTON (AP)—The number of paralytic polio cases reported last week dropped to 229, the Public Health Service said today.

That was 50 less than in the week ended Oct. 2 and 103 fewer than the 332 in the peak 1959 week, which came in mid-September.

There were 4,245 paralytic cases reported by the states in the 40 weeks between Jan. 1 and Oct. 9, compared with 2,089 in the corresponding 1958 period. In 1955, the first year Salk polio vaccine became available, there were 8,290 cases in the first 40 weeks.

Domestic demand for Salk vaccine has begun to drop, the service reported. Shipments to U.S. communities by manufacturers during the week ended Oct. 9, fell to 712,185 doses, the first time the weekly total had dropped below a million since last April.

There were 320 cases of all types of polio listed by the reporting states, which compared with 319 in the corresponding 1958 week. But in the 1958 week there were only 158 paralytic cases as compared to the 229 this year.

From Jan. 1 through Oct. 9 there had been 6,738 polio cases reported, compared with 4,348 in the similar 1958 span.

10 U.S. Rockets Due To Be Fired in Week

WASHINGTON (AP) — The United States plans to fire a salvo of 10 research rockets—some as high as 1,000 miles—during one week in November.

The 10 launchings will be the U.S. contribution to International Rocket Week, Nov. 16 to 22.

The research rockets will include four from Wallops Island, Va., one possibly to light the whole Eastern Seaboard with a sodium fire.

There will be three from Fort Churchill, on Hudson Bay in Canada; two from Eglin Air Force Base, Fla.; and one from White Sands, N.M.

UNICEF 'Begger's Night' Planned by 11 City Churches

Children of 11 city churches will participate in a UNICEF "Trick or Treat for the World's Children" activity here October 29.

Young Roundtowners will take to the streets in costume for their annual "Begger's Night", with the proceeds going to the United Nations Children's Fund.

About 1286 was collected last year by local youngsters for the UNICEF program. The children give up their own pennies, collected on "Begger's Night", for children overseas.

Churches participating in the program are Trinity Lutheran, Calvary EUB, First EUB, First Baptist, Church of the Nazarene,

St. Philip's Episcopal, First Methodist, St. Joseph's Catholic, Gospel Center and Church of the Brethren.

Heading up the program this year is Fred Cupp. Each church will give the children of its church school arm bands with which to identify the UNICEF collectors and milk cartons in which to put the pennies. The milk cartons are being furnished by Med-O-Pure Dairy.

After collections are made—between 6:30 and 7:30 p. m. October 29—the churches will have refreshments and prizes for youngsters with the best costumes.

CHS-Greenfield Bandmen Entertain Football Crowd

The Circleville and Greenfield McClain High School Marching Bands provided halftime entertainment for a capacity crowd at the local football field last night.

The CHS unit came up with something different in the way of "Mass Droodies". The crowd was challenged to guess the title of the little live drawings made

with the fewest possible lines.

The Greenfield Band based its theme on "Junior's Musical Career", starting from the infant stage to the modern jazz age. Both units joined as one to play the Star Spangled Banner prior to the football game.

Truman Eberly's CHS Band was led on the field by Drum Major Jess Judy Routzahn and her stepping corps of majorettes. A sharp beat was furnished by the locals' thundering drum section.

THE bandmen move about the field forming various "art form" droodies, including a "snake going upstairs," "Manhattan skyline in 1492" and several other eye-catching formations.

The show last night was a warm-up for a coming busy band week. The local musicians will participate in the Pumpkin Show starting Wednesday, then put on a delightful Homecoming performance at Friday's Circleville - Paint Valley grid game.

Teachers' Workshop Friday

The Pickaway County Teachers' Workshop will be held Friday in the Jackson Twp. School.

The all-day session will start at 9 a. m. with a welcome extended by William Wolfe, Jackson supervising principal, and George D. McDowell, County superintendent of schools.

After introductions of new teaching personnel, a business session will be conducted by Mrs. Jean Mills, County Teachers' Assn. president, Miss Dehl Renick, vice president, and Donald Rose, secretary-treasurer.

Robert Drury, Ohio Education Assn., will speak on "Teaching and Administering Within the Law".

V. B. MOFFETT, comptroller,

Division of School Finance, State Department of Education, will follow with his topic, "New Legislation".

R. E. Miner, assistant director of research, Ohio Education Assn., will speak on "Major Amendments and Benefits in Retirement Law".

Workshop sessions will be held in the afternoon, following the noon luncheon. Robert Seward, county general supervisor of schools, will be in charge.

The teacher groups will be divided into the following groups: grades one through three; grades 4, 5 and 6; grades seven and eight; high school, and principals.

Members of the workshop planning committee are: Mrs. Kathleen Cooper, Walnut School; Mrs. Helen Styers, Washington School; Richard Snider, Scioto School; Glenn Chester, Williamsport School; Mrs. Jean Mills, Pickaway School.

Robert Sanders, Saltcreek School; Miss Patti Lupfer, Jackson School; James Brown, Jackson School; Judson Lannan, Westfall School District; Carl Burger, Logan Elm School District; Earl Gregg, Teays Valley School District, and McDowell.

Atlantic City, N. Y., is the windiest American city. Its average hourly wind speed has been set at 15.2 m.p.h. over a period of years.

Edstrom Now Circleville Dodge Dealer

Wes Edstrom Motors, 150 E. Main St., today became Circleville's dealer for Dodge, Chrysler and Dodge Trucks.

Edstrom said that he will give up the Plymouth dealership he has maintained here for the last 10 years in order that he can handle the Dodge Dart, a new line of low-priced cars.

The official announcement from Chrysler Corp. came yesterday. Edstrom said he will continue to service all Chrysler Corp. automobiles. The Dodge Truck dealership is new for Edstrom.

The Auto agency has on display today a Dodge Dart, four-door hardtop, and a Chrysler Saratoga, four-door sedan.

Edstrom has been an auto dealer in Circleville for 10 years, operating out of the J. H. Stout Building, 150 E. Main St.

Death Opens Perry Twp. Clerk Post

Perry Twp. lost its only candidate for township trustee clerk upon the death of Kenneth Rae Osterle Saturday in White Cross Hospital, Columbus.

Five Perry Twp. residents now have the choice of whether to name another candidate in his place or throw the election open for a write-in ballot.

Osterle, 58, had been Perry Twp.'s trustee clerk for a number of years. He operated Ken's Store, New Holland, for 21 years before retiring recently.

According to state law, if a person dies 10 days prior to a general election, his nominating committee has the right to name another candidate in the deceased's place.

THE NOMINATING committee in question is R. V. Hamman, Route 2, New Holland; Carl Binns, Route 1, New Holland; Dayton Mouser, Route 1, New Holland; Willard Lininger, New Holland, and Richard Kirkpatrick, New Holland.

These five persons signed Osterle's nominating petition and now have until October 29 in which to nominate another candidate.

The Pickaway County Board of Elections yesterday wrote these five men informing them of their privilege and asked them to notify the board whether they plan to lift the vacancy or not.

An election official today stated that it was "pure luck" the printer, employed by the board to print the ballots for the coming general election, had not started on the township election ballots.

If the committee of five nominates a candidate, he will automatically assume office since write-ins are not allowed in a general election unless there is no candidate or candidates for that office.
